Machine Platform Crowd:

Machine, Platform, Crowd Andrew McAfee, Erik Brynjolfsson, 2018-09-11 A clear and crisply written account of machine intelligence big data and the sharing economy But McAfee and Brynjolfsson also wisely acknowledge the limitations of their futurology and avoid over simplification Financial Times In The Second Machine Age Andrew McAfee and Erik Brynjolfsson predicted some of the far reaching effects of digital technologies on our lives and businesses Now they ve written a guide to help readers make the most of our collective future Machine Platform Crowd outlines the opportunities and challenges inherent in the science fiction technologies that have come to life in recent years like self driving cars and 3D printers online platforms for renting outfits and scheduling workouts or crowd sourced medical research and financial instruments

Machine, Platform, Crowd Andrew McAfee, Erik Brynjolfsson, 2017-06-27 From the authors of the best selling The Second Machine Age a leader s guide to success in a rapidly changing economy We live in strange times A machine plays the strategy game Go better than any human upstarts like Apple and Google destroy industry stalwarts such as Nokia ideas from the crowd are repeatedly more innovative than corporate research labs MIT s Andrew McAfee and Erik Brynjolfsson know what it takes to master this digital powered shift we must rethink the integration of minds and machines of products and platforms and of the core and the crowd In all three cases the balance now favors the second element of the pair with massive implications for how we run our companies and live our lives In the tradition of agenda setting classics like Clay Christensen s The Innovator s Dilemma McAfee and Brynjolfsson deliver both a penetrating analysis of a new world and a toolkit for thriving in it For startups and established businesses or for anyone interested in what the future holds Machine Platform Crowd is essential reading

Economic Dignity Gene Sperling, 2021-10-12 Timely and important It should be our North Star for the recovery and beyond Hillary Clinton Sperling makes a forceful case that only by speaking to matters of the spirit can liberals root their belief in economic justice in people s deepest aspirations in their sense of purpose and self worth The New York Times When Gene Sperling was in charge of coordinating economic policy in the Obama White House he found himself surprised when serious people in Washington told him that the Obama focus on health care was a distraction because it was not focused on the economy How he asked was the fear felt by millions of Americans of being one serious illness away

from financial ruin not considered an economic issue Too often Sperling found that we measured economic success by metrics like GDP instead of whether the economy was succeeding in lifting up the sense of meaning purpose fulfillment and security of people In Economic Dignity Sperling frames the way forward in a time of wrenching change and offers a vision of an economy whose guiding light is the promotion of dignity for all Americans **Summary of Andrew McAfee & Erik Brynjolfsson's Machine, Platform, Crowd** Everest Media,2022-06-22T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Go is a strategy game developed in China about 2 500 years ago It is difficult to play well and no luck is involved It is considered a more difficult game than chess 2 Go players use a group of heuristics to navigate the absurd complexity of the game They are unable to explain how they know what they know and it is hard to make such tacit knowledge explicit 3 A computer was able to win a five game match against the European Go champion in 2015 and many analysts and commentators called this a breakthrough However some argued that the magnitude of the achievement was exaggerated 4 The games between Sedol and AlphaGo attracted intense interest throughout Korea and other East Asian countries AlphaGo won the first three games ensuring itself of victory overall in the best of five match But Sedol came back to win the fourth game [The Phoenix Encounter Method: Lead Like Your Business Is on Fire!](#) Ian C. Woodward,V. "Paddy" Padmanabhan,Sameer Hasija,Ram Charan,2020-10-27 A radical new leadership strategy to transform business as we know it from a dream team of INSEAD professors and mega bestselling author Ram Charan The business landscape is littered with the wreckage of companies that crashed and burned when an apocalypse came in the shape of new competitive technologies upstart entrants demographic shifts and new world orders Who can feel safe in firestorm change The authors of The Phoenix Encounter Method don t advise safety In fact their method of leadership thinking requires you to imagine burning your business to the ground throwing yourself into a firestorm change and turning the upheaval to your organization s advantage It can then rise phoenix like from the ashes stronger and more powerful than ever Written with a sense of urgency and purposefully radical provocation The Phoenix Encounter Method represents the forward thinking of legendary business guru Ram Charan and professors from the senior global leadership program of INSEAD one of the world s top graduate business schools The resulting methodology based on analysis of thousands of articles studies reports and academic and business practice was field tested in real life Phoenix Encounters conducted with more than fifteen hundred senior executives from startups and family businesses to legacy companies representing a broad range of industry and sectors in both developed and developing economies Whatever your sector or industry if you re responsible for your organization s ability to use change as a transformative opportunity you ll appreciate the dramatic impact The Phoenix Encounter Method will have on you your leadership and your organization [Future Forward: Leadership Lessons from Patrick McGovern, the Visionary Who Cirled the Globe and Built a Technology Media Empire](#) Glenn Rifkin,2018-09-14 Powerful lessons in forward thinking leadership from the global business pioneer who turned IDG into a 3 billion technology

media and venture capital empire Like Steve Jobs Patrick McGovern created a worldwide multibillion dollar industry by thinking differently disrupting old business models and embracing new global trends He drove the future forward and never looked back His company International Data Group IDG quickly became a global powerhouse with information technology publications in markets around the world IDG broke new ground in the 1980s by opening offices in China the Soviet Union Eastern Europe and other markets deemed off limits IDG thrived across a series of technology and media industry shifts from mainframe computers to minicomputers to personal computers from print to digital and through into the age of the Internet and smartphones that upended many rivals Living at the intersection of these classic disruptions McGovern never missed a beat And he understood well before most that a revolution in information technology was underway and not only was there money to be made but that this business would soon become the world's largest industry His leadership in the creation of one of the world's leading brain research institutes at MIT only served to cement his legacy His bold vision and fearless risk taking made McGovern a legend among leaders In today's ever-changing global marketplace his leadership lessons are more timely and important than ever In Future Forward leaders will find 10 essential lessons that can be easily applied to any business from small startups to giant corporations These include Let's try it Encourage entrepreneurial behavior and back it up with serious commitment Decentralize When building a global empire every market is local Love your employees Adore your customers Leaders at every level will discover outside the box approaches to employee engagement entrepreneurial commitment and radical innovation These are the lessons of a true visionary This is how successful leaders take risks take charge and take the future by storm
