

A hooded figure, possibly a hacker, is the central focus, wearing a dark hood that obscures their face. The figure is set against a dark, futuristic background filled with glowing blue lines and digital elements. A network diagram with a person icon is visible on the right side. The overall aesthetic is high-tech and mysterious.

When Technocultures Collide Gary Genosko, 2013-10-25 When Technocultures Collide provides rich and diverse studies of collision courses

between technologically inspired subcultures and the corporate and governmental entities they seek to undermine. The adventures and exploits of computer hackers, phone phreaks, urban explorers, calculator and computer collectors, BlackBerry users, whistle blowers, Yuppies, zesters, roulette cheats, chess geeks, and a range of losers and tinkerers feature prominently in this volume. Gary Genosko analyzes these practices for their remarkable diversity and their innovation and leaps of imagination. He assesses the results of a number of operations including the Canadian stories of Mafiaboy, Jeff Chapman of Infiltration, and BlackBerry users. The author provides critical accounts of highly specialized attributes such as the prospects of deterritorialized computer mice and big toe computing, the role of electrical grid hacks in urban technopolitics, and whether info addiction and depression contribute to tactical resistance. Beyond resistance, however, the goal of this work is to find examples of technocultural autonomy in the minor and marginal cultural productions of small cultures, ethico-poetic diversions, and sustainable withdrawals with genuine therapeutic potential to surpass accumulation, debt, and competition. The dangers and joys of these struggles for autonomy are underlined in studies of RIM's BlackBerry and Julian Assange's WikiLeaks website.

The book provides a concise summary in a historical context of the major global cyber security attacks since 1980. Each attack covered contains an overview of the incident in layman terms, followed by a technical details section, and culminating in a lessons learned and recommendations section.
