Malachi Z York The Mind:

Heaven and Hell Is only A State Of Mind Abdul Mumin Muhammad,2019-08-10 This book was written to help inspire self forgiveness guilty no more I spent many years blaming everyone else for my personal issues I found out that I was not willing to forgive myself and others By blaming and complaining kept me experiencing the same issues in my life I realized that I can only be responsible for my own actions no one forced me to do anything Shame and blame were causing me to not love myself unconditionally I wanted to become self aware paying attention to my flowing thoughts instead of acting out In order to heal I had to first accept my weakness character flaws and mistakes without shame This way I was able to forgive myself for not being perfect and also forgive others I had to show myself mercy so that I could do the same for others We all make negative or wrong choices including myself this is wisdom that I have accomplished Loving myself and others unconditional helped me create a better life for myself We are the enemy our thoughts fears emotions and later actions not others

Nuwaubian Pan-Africanism Emeka C. Anaedozie,2019-12-03 This book examines the contemporary operational and theoretical parameters of Pan Africanism and black nationalism in the post civil rights era It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history culture and tradition The author argues that the Nuwaubian Nation like their contemporaries such as the Nation of Islam represents contemporary efforts of African descendants to dialectically and culturally fight oppression He argues that unlike the classical Back to Africa movements the contemporary ones do not seek to primarily relocate to Africa but to go to Africa culturally and bring back Africa to the diaspora This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions mores and values in their in their various communities across the United States especially in Eatonton Georgia Their aim was to chart an identity for their adherents and inspire racial pride for people of African descent

LAND OF THE FREE: Can Black Wall Street Be Resurrected? Shem El,2017-10-04 One of the objectives of this book is to show how the ideas of self determination self identification self sufficiency self development and eventual autonomy can be achieved through the establishment of sustainable communities The sustainable community is the perfect vehicle in achieving liberation on a collective level True self determination for a people is always achieved collectively and not individually The idea of freedom is far from a new concept Sustainable living is also not a new concept However it is only recently that we have heard talk of utilizing sustainable ideas in conjunction with conventional ideas to achieve this freedom in these days in time The question now becomes How do we use sustainable living to gain the true freedom we've been looking for

Radical Religious Thought in Black Popular Music. Five Percenters and Bobo Shanti in Rap and Reggae Martin A. M. Gansinger,2017-12 This book is discussing patterns of radical religious thought in popular forms of Black music The consistent influence of the Five Percent Nation on Rap music as one of the most esoteric groups among the manifold Black Muslim movements has already gained scholarly attention However it shares more than a strong pattern of reversed racism

with the Bobo Shanti Order the most rigid branch of the Rastafarian faith globally popularized by Dancehall Reggae artists like Sizzla or Capleton Authentic devotion or calculated marketing Apart from providing a possible answer to this question the historical shift of Bobo adherents from shunned extremists to firmly anchored personifications of authenticity in mainstream Rastafarian culture is being emphasized A multi layered comparative case study attempts to shed light on the contextualization of language as well as expressed dogmatic perceptions and symbolism attitude towards other religious groups and aspects of ethnic discrimination Further analysis includes the visibility of artists and their references to practical and moral issues directly derived from two obscure ideologies that managed to conquer airwaves and concert halls

New Religions Eugene V. Gallagher, Lydia Willsky-Ciollo, 2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities

Metaphysical Africa Michael Muhammad Knight, 2020-09-15 The Ansaru Allah Community also known as the Nubian Islamic Hebrews AAC NIH and later the Nuwaubians is a deeply significant and controversial African American Muslim movement Founded in Brooklyn in the 1960s it spread through the prolific production and dissemination of literature and lecture tapes and became famous for continuously reinventing its belief system In this book Michael Muhammad Knight studies the development of AAC NIH discourse over a period of thirty years tracing a surprising consistency behind a facade of serial reinvention It is popularly believed that the AAC NIH community abandoned Islam for Black Israelite religion UFO religion and Egyptosophy However Knight sees coherence in AAC NIH media explaining how in reality the community taught that the Prophet Muhammad was a Hebrew who adhered to Israelite law Muhammad s heavenly ascension took place on a spaceship and Abraham enlisted the help of a pharaonic regime to genetically engineer pigs as food for white people Against narratives that treat the AAC NIH community as a postmodernist deconstruction of religious categories Knight demonstrates that AAC NIH discourse is most

productively framed within a broader African American metaphysical history in which boundaries between traditions remain quite permeable Unexpected and engrossing Metaphysical Africa brings to light points of intersection between communities and traditions often regarded as separate and distinct In doing so it helps move the field of religious studies beyond conventional categories of orthodoxy and heterodoxy challenging assumptions that inform not only the study of this particular religious community but also the field at large **Blue-eyed Devil** Michael Muhammad Knight,2006 Based on the Free Cooperation Conference held at the State University of New York at Buffalo in 2004 Acknowledgements Includes a DVD with feature length film collage narrated by Tony Conrad P 4 of cover Folded sheet title Technologies of cooperation
