

# PRINCIPLE OF TAXATION

1

## Toll:

A tax or fee paid for some liberty or privilege (as of passing over a highway or bridge) 2 : compensation for services rendered, such as, a : a charge for transportation, b : a charge for a long-distance telephone call.

## Tax recovery charges:

Travelers often pay "tax recovery charges" instead of taxes when booking a hotel room in the US through a major online travel agency like Expedia, Orbitz, Priceline, and Travelocity. ... The hotel then calculates a tax on the \$80. That tax is passed on to you by the website.

2

## SRO REGIME:

Statutory regulatory orders (SROs) are one of the characteristically unique features of Pakistan's economy. They are tools through which the executive, i.e. the Federal Board of Revenue (FBR), decides the rate of taxation affairs in the country. This bypasses the need for Parliament and the ensuing debate that ought to follow any suggestion to cut or raise taxes, or exemptions and concessions thereof. In effect, SROs symbolize the twin problem that lies at the very core of Pakistani society: poor governance, including policy-making failures and a weak Parliament. Ironically though, even as they are now being phased out, the very culture and mindset behind the SROs—the lack of transparency and unavailability of material information, not least of exemptions and concessions—is ever-present.

3

## Finance Bill

A Finance Bill is a Money Bill as defined in Article 110 of the Constitution.

**Description:** The proposals of the government for levy of new taxes, modification of the existing tax structure or continuance of the existing tax structure beyond the period approved by Parliament are submitted to Parliament through this bill.

The Finance Bill is accompanied by a Memorandum containing explanations of the provisions included in it. The Finance Bill can be introduced only in Lok Sabha.

However, the Rajya Sabha can recommend amendments in the Bill. The bill has to be passed by the Parliament within 75 days of its introduction.

## Finance Act

refers to the headline fiscal (budgetary) legislation enacted by the UK Parliament, containing multiple provisions as to taxes, duties, exemptions and reliefs at least once per year, and in particular setting out the principal tax rates for each fiscal year.

4

to avoid double taxation of income by different jurisdictions, Australia has entered into double taxation avoidance agreements (DTAs) with a number of other

countries, under which both countries agree on which taxes will be paid to which country.

5

## FBR:

The Federal Board of Revenue (abbreviated as FBR) is a top federal government body that investigates crimes related to taxation and money-laundering. The organization collects intelligence on tax evasion and audits cases with respect to unreported income, assets and expenditure. It administers [tax laws](#) for the Government of Pakistan and acts as the central revenue collection agency of [Pakistan](#). It also has divisions solely dedicated to audit and investigate withholding agents existing in Pakistan.

## ROLE OF DIRECT TAX IN PAKISTAN

Taxes are regarded as a major source of income/revenue for a state to meet its obligations towards the nation. These taxes are fundamentally utilized by the government for the purposes of public sector development programs, defense and other areas of mass importance. In Pakistan, various taxes are in force some of which are regulated by the Federal Government while some are in the domain of the Provincial Governments. The split between these is provided for in the Constitution and its rationale and the logic is not the subject matter of this course.

Taxes are broadly classified into two categories viz. "direct taxes" and "indirect taxes". Whether these are collected by the Federal Government or the Provincial Government, the division broadly remains the same. These are both income based and / or asset ownership based, depending upon the nature and type of the levy. Direct taxes are those where the incidence is borne by the person from whom the tax is collected whereas, in the case of "indirect taxes", the person from whom the tax is collected acts only as an "agent"/"intermediary" and the incidence of tax is borne by another person (from whom the tax is eventually collected by the "agent" in the due course and deposited in the government treasury). Few examples of "direct taxes", collected by the Federal Government, are "Income Tax", "Wealth Tax", and "Capital Value Tax". "Urban Immovable Property Tax", "Professional Tax" and "Motor Vehicle Tax" etc. are types of direct taxes collected by the respective Provincial Governments.
