Great Stories Don't Write Themselves Larry Brooks, 2019-11-05 One of the most common questions new writers ask professionals is how they wrote their book what was their process for storytelling Did they use an outline to plan the book or write it from the seat of their pants But really the question should be about the general principles and nature of storycraft does every part of a story have what it needs to keep readers turning the pages Bestselling author and creator of StoryFix.com Larry Brooks changes the sound of the writing conversation by introducing a series of detailed criteria for
