Case Interview Secrets Interviewer Consulting Format:

Summary of Victor Cheng's Case Interview Secrets Everest Media, 2022-04-06T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The case interview is a unique interviewing format that firms such as McKinsey Company Bain Company Boston Consulting Group Oliver Wyman and others use It is used to evaluate candidates with wide ranging backgrounds 2 The case interview is a trial run of the actual consulting interview I learned that the most profitable skill I could learn while in school was not related to English math psychology history economics or science It was how to pass the case interview 3 My experience as a job seeker and a consultant has shaped my perspective of the case interview I ve developed an uncommon insight into the case interview from having been on both sides of the table and that s what I share with you here 4 The case interview process is made up of seven parts Part One provides a big picture view of the process and the different types of evaluation tools used Part Two covers quantitative assessments Part Three discusses the fundamentals of tackling real case interviews Part Four covers the primary frameworks you ll use to solve the business problems presented in the case interview Part Five covers the traditional candidate led case interview format Part Six describes the other types of case interviews and how to handle them [I Don't Know What I Want, But I Know It's Not](#)

[This](#) Julie Jansen, 2016-03-01 The quintessential guide to kick starting your career fully revised and updated for the ever changing modern job market Despite a recovering economy many Americans are still losing their jobs while many who do have jobs are overworked maxed out and miserable In this fully revised and updated edition of I Don t Know What I Want But I Know It s Not This career coach Julie Jansen shows how anyone whether you re unhappy with your job or without one can implement a real and satisfying transformation Changing careers conducting a job search or starting a business is more complicated than ever before Jansen has updated her classic guide to address the unique challenges of today s job market from the ever more important world of social media to new ways of funding your own endeavors online Filled with quizzes personality assessments and real life examples this guide helps you identify the type of work you re best suited for and provides the know how and the inspiration for transforming an uncertain time into an opportunity for meaningful change

[The Big Con](#) Mariana Mazzucato, Rosie Collington, 2026-01-20 A vital and timely investigation into the opaque and powerful consulting industry and what to do about it There is an entrenched relationship between the consulting industry and the way business and government are managed today that must change Mariana Mazzucato and Rosie Collington show that our economies reliance on companies such as McKinsey Company Boston Consulting Group Bain Company PwC Deloitte KPMG and EY stunts innovation obfuscates corporate and political accountability and impedes our collective mission of halting climate breakdown The Big Con describes the confidence trick the consulting industry performs in contracts with hollowed out and risk averse governments and shareholder value maximizing firms It grew from the 1980s and 1990s in the wake of reforms by the neoliberal right and Third Way progressives and it thrives on the ills of modern capitalism from

financialization and privatization to the climate crisis It is possible because of the unique power that big consultancies wield through extensive contracts and networks as advisors legitimators and outsourcers and the illusion that they are objective sources of expertise and capacity In the end the Big Con weakens our businesses infantilizes our governments and warps our economies In *The Big Con* Mazzucato and Collington throw back the curtain on the consulting industry They dive deep into important case studies of consultants taking the reins with disastrous results such as the debacle of the roll out of HealthCare gov and the tragic failures of governments to respond adequately to the COVID 19 pandemic The result is an important and exhilarating intellectual journey into the modern economy s beating heart With peerless scholarship and a wealth of original research Mazzucato and Collington argue brilliantly for building a new system in which public and private sectors work innovatively for the common good
