food fashion and wizards collide in Pratchett's affectionate satire on the foibles of sports and sports fans. The prose crackles with wit and charm and the sendups of league football, academic posturing, Romeo and Juliet, and cheesy sports dramas are razor sharp and hilarious but never cruel. At its heart, this is an intelligent, cheeky love letter to football, its fans, and the unifying power of sports. Publishers Weekly Football aka soccer comes to the ancient city of Ankh-Morpork, upending the wizards of Unseen University and dividing Discworld in this wonderfully funny novel in Sir Terry Pratchett's internationally bestselling series. The wizards at Ankh-Morpork's Unseen University are renowned for many things: wisdom, magic, teatime, but athletics not so much. When Lord Vetinari, the city's benevolent tyrant, strongly suggests to Archchancellor Mustrum Ridcully that the university revive its sports program and field a football team composed of faculty, students, and staff, or lose the funding that pays for their nine daily meals, the wizards of UU find themselves in a quandary. First, they have to understand what makes foot the ball so popular with Ankh-Morporkians. Then they have to learn how to play it and win without using magic. Of course, the thing about football is that it is never just about football. The Discworld novels can be read in any order, but Unseen Academicals is the seventh and final book in the Wizards collection and 37th Discworld book. The other books in the Wizards collection include *The Color of Magic*, *The Light Fantastic*, *Sourcery*, *Eric*, *Interesting Times*, *The Last Continent*.

The Color of Magic, 2009. Inside a magical realm known as Discworld, a naive tourist is on holiday until a terrible fire breaks out, forcing him to flee along with an incompetent wizard. As the clueless pair set out on a magical journey across the disc, neither realizes that they are merely pawns in an elaborate board game being played by the Gods. After encountering a pair of barbarians, they take a trip to an inverted mountain housing dragons that only exist in imagination, survive a fall off the edge of the disc, and attempt to beat the wizard's former classmate to a collection of spells that could save Discworld from total destruction.

Genreflecting Diana Tixier Herald, Samuel Stavole-Carter, 2019-05-24. Librarians who work with readers will find this well-loved guide to be a treasure trove of information. With descriptive annotations of thousands of genre titles mapped by genre and subgenre, this is the reader's advisor's go-to reference. Next to author, genre is the characteristic that readers use most to select reading material, and the most trustworthy consideration for finding books readers will enjoy. With its detailed classification and pithy descriptions of titles, this book gives users valuable insights into what makes genre fiction appeal to readers. It is an invaluable aid for helping readers find books that they will enjoy reading. Providing a handy roadmap to popular genre literature, this guide helps librarians answer the perennial and often confounding question: "What can I read next?" Herald and Stavole-Carter briefly describe thousands of popular fiction titles, classifying them into standard genres such as science fiction, fantasy, romance, historical fiction, and mystery. Within each genre, titles are broken down into more specific subgenres and themes. Detailed author, title, and subject indexes provide further access. As in previous editions, the focus of the guide is on recent releases and perennial reader favorites. In addition to covering new titles, this edition focuses more narrowly on the core genres and includes basic reader advisory principles.
