Individual and Organizational Vulnerability and Resilience Factors in the COVID-19 Pandemic Barbara Hildegard Juen,Eva-Maria Kern,Sigridur Thormar,2023-10-23 Vulnerability and resilience are concepts that have long been treated as individual and contradicting topics In recent times we have seen that vulnerabilities and resilience can go hand in hand and that vulnerabilities cannot be conceptualized only in simple terms because intersectionality must be considered as well as social organizational and systemic aspects and processes One example is that women are more vulnerable higher values in nearly all stress related measures in the COVID 19 pandemic This finding has to be analyzed from an intersectional perspective because socio economic factors cultural factors exposure to COVID 19 and the type of occupation e g healthcare sector frontline workers play an important role in how vulnerable or resilient women can be in a given society The large number of studies on COVID 19 vulnerabilities makes it necessary to take a closer look at the resilience factors that often go hand in hand with potential vulnerabilities As we see in the literature about pandemics in general and COVID 19 there are some individual organizational and systemic vulnerabilities that can be found in all pandemics From that we can assume that there will be resilience factors within the same concepts that may buffer vulnerabilities

The Future (R)Evolution of the Office Workspace Claus Sneppen,2025-03-21 The redefined meaning of the office workplace for knowledge workers that is currently taking place impacts all workplace actors to different extents There is no exact formula or framework for a successful hybrid working life thus society cannot anticipate the future of the hybrid office workplaces and work life will look

like for office work This means that workplaces need to continuously alter and evolved their workplace models This book provides workers and managers with a nuanced understanding of the changes that have been realized are nearing realization or will drive the transformation of the hybrid workplace going forward It offers recommendations and a framework to assist organizations to develop optimal hybrid workplace models focusing on major trends and component shaping this evolution
