"Experimenting" is the radio amateur's traditional activity that occurs when a new idea is presented in practice. This usually involves building an "amateurizing" some structure that is only part of the process. It often includes the planning, analysis, measurement, construction and packaging that accompanies the building. The rest of this collective activity is what we call design.

## Chapter 1, Getting Started

1.1—Experimenting, "Amateurizing," and the Purpose of this Book. This is a brief philosophical overview regarding our views on the subject at hand.
