It's bedtime. That's because you know full well what is going to happen: screams, tantrums, and complaints. Plus you're scared to death by the frequent nocturnal awakening of your little one. He had a bad dream and wants you by his side because they drain your energy. Left not having eight hours of sleep in a row makes you feel exhausted at work where you have one deadline after another and you are barely able to focus. Though this doesn't have to be your life unless you don't want to. The life-saving stories in this audiobook ensure the smooth running of your kids' nighttime routine. That's how. Listening to these stories gets your kids gradually spiralized into a deep state of relaxation which keeps away the typical childhood nightmares and so avoids frequent nocturnal awakening. Boost kids' imagination. Listening to a compelling story every day unlocks your kids' creativity and problem-solving skills. In other words, unlock their genius. That'll dramatically increase their school grades as well as their self-confidence. Help you recharge your energy.
