Review Ewha Korean Study Guide 1 1:

The Global Encyclopaedia of Informality, Volume 1 Alena Ledeneva, 2018-01-17 Alena Ledeneva invites you on a voyage of discovery to explore society's open secrets, unwritten rules and know-how practices. Broadly defined as ways of getting things done, these invisible yet powerful informal practices tend to escape articulation in official discourse. They include emotion-driven exchanges of gifts or favours and tributes for services; interest-driven know-how from informal welfare to informal employment and entrepreneurship; identity-driven practices of solidarity; and power-driven forms of co-optation and control. The paradox or not of the invisibility of these informal practices is their ubiquity. Expertly practised by insiders but often hidden from outsiders, informal practices are, as this book shows, deeply rooted all over the world yet underestimated in policy. Entries from the five continents presented in this volume are samples of the truly global and ever-growing collection made possible by a remarkable collaboration of over 200 scholars across disciplines and area studies. By mapping the grey zones, blurred boundaries, types of ambivalence and contexts of complexity, this book creates the first Global Map of Informality. The accompanying database is searchable by region, keyword or type of practice, so do explore what works, how, where and why. Praise for *The Global Encyclopaedia of Informality*: The *Global Encyclopaedia of Informality* represents the beginning of a new era in informality studies. With its wealth of information, diversity of scope, theoretical innovation and artistic skill, this collection touches on all the aspects of social and cultural complexity that need to be integrated into policy thinking. Predrag Cvetković, Centre for Empirical Cultural Studies of South East Europe, Belgrade, Serbia. This is a monumental achievement, an indispensable reference for anyone in the social sciences interested in informality. Martin Holbraad, Professor of Social Anthropology, UCL and editor in chief of *Social Analysis*. This impressive work helps us understand our complex times by showing how power develops through informal practices, mobilizing emotional, cognitive and relational mechanisms in strategies of survival, but also of camouflage and governance. Donatella della Porta, Director of Centre of Social Movements Studies, Scuola normale superiore, Firenze, Italy. An impressive, informative and intriguing collection. With evident passion and patience, the team of 250 researchers insightfully portrays the multiplicity of informal and often invisible expressions of human interdependence. Subi Rangan, Professor of Strategy and Management, INSEAD, Fontainebleau, France. This compendium of terms used in different cultures to express aspects of informal economy provides a unique supplement to studies of a major yet understated by academic economics, social issue. It will be of key significance for in-depth teaching of sociology, economics and history. Teodor Shanin, OBE, Professor and President of the Moscow School of Social and Economic Sciences. Modern states have sought to curb, control and subdue informality. The entries in the *Global Encyclopaedia* demonstrate the endurance of informality over such efforts. More recently, the rise and political success of anti-establishment movements in so many parts of the world is a wide-ranging challenge and delegitimation of national and transnational formal institutions of governance. Understanding the perceived shortcomings of formal institutions and the

appeal of anti establishment movements must at least in part be informed by a study of informality and its networks This Encyclopaedia is essential reading if we wish to understand and engage with these challenges of our age Fredrik Galtung Chairman Integrity Action
