**The Bunker Diary** Kevin Brooks,2019-08-06 I can't believe I fell for it It was still dark when I woke up this morning As soon as my eyes opened I knew where I was A low ceilinged rectangular building made entirely of whitewashed concrete There are six little rooms along the main corridor There are no windows No doors The elevator is the only way in or out What's he going to do to me What am I going to do People are really quite simple and they have simple needs Food water light space privacy Maybe a small measure of dignity A bit of freedom What happens when someone simply takes all that away

**The Microeconomic Mode** Jane K. Elliott,2018-06-26 From *The Road* to *Game of Thrones* across works as seemingly different as *Gone Girl* and *Saw* literature film and television have become obsessed with the intersection of survival and choice When the trapped rock climber hero of *127 Hours* is confronted with self amputation or death it is only a particularly blunt example of an omnipresent set up In real life settings or fantastical games protagonists find themselves confronting extreme scenarios with life or death consequences forced to make torturous either/or choices in stripped down brutally stark environments Jane Elliott identifies and analyzes this new and distinctive aesthetic phenomenon which she calls the microeconomic mode Through close readings of its narratives tropes and concepts she traces the implicit theoretical and political claims conveyed by this combination of abstraction and extremity In the microeconomic mode humans isolated from any forms of social organization operate within a mini economy of costs and benefits gains and losses measured in the currency of life Elliott reads the key concepts that emerge from this aesthetic life interest sovereign capture and binary life in relation to biopolitics and natural law theory becoming and the control society and primitive accumulation in racial capitalism The microeconomic mode interrogates the destruction of the liberal political subject but what it leaves in its place is as disturbing as it is radically new Going beyond the question of neoliberalism in literature *The Microeconomic Mode* combines revelatory close readings of key literary and popular texts with significant theoretical interventions to identify how an aesthetics of choice has reshaped our contemporary understanding of what it means to be human     Reading and Writing Pathways through Children's and Young Adult Literature Alicia Curtin,2022-07-29 This thought provoking book will provide masters students teachers and researchers with a toolkit and theoretical framework for teaching literacy through children's literature It features innovative ideas for developing student and teacher experiences with literature and popular culture texts in the classroom providing practical examples and teaching aids throughout Taking a collaborative approach Curtin explores how teachers and learners can engage with literature and its authors for the development of literacy in classroom practice Connecting reader and writer identities and worlds through interviews with and suggested classroom activities from authors themselves this text combines author teacher and learner perspectives in the development of creative pedagogies that extend understandings of literacy beyond reading writing and text Exploring fairy tales comic books and graphic novels

children living in literature i e texts which portray children their lives and experiences popular culture young adult fiction and non fiction and digital texts such as blogs etc this text develops a sociocultural understanding of literacy as a lived and contextually dependent practice where meaning is derived through relationships between people settings and culture Different contexts for literacy are explored including reading and writing strategically to learn about literacy and literature widely for personal purposes and deeply to transform understanding Short 2011 This text will be an invaluable resource for teachers researchers or anyone interested in reading and writing stories The author interviews will also be of particular interest to older learners themselves as a way to develop their understanding of their own reading and writing practices Pedagogies can be adapted to any age group ranging from the early years to young adult [The Bunker Diary, 1941-1943](#) Paul Delmont Bunker,1941 Army officer The diary tells of Bunker s experiences as a prisoner of war after the fall of Corregidor as well as the actions preceding the siege of Corregidor *Growing Sideways in Twenty-first Century British Culture* Anne Malewski,2021-12-15 This volume examines changing boundaries between childhood and adulthood in British society and culture at the beginning of the twenty first century where these age boundaries are widely debated policed and contested to investigate alternatives to conventional ideas of growing up Building on observations especially in children s literature criticism that human growth is shaped by a grand narrative that privileges adulthood and on terminologies of non normative growth particularly in queer theory this monograph develops growing sideways as a concept that queers this grand narrative by destabilising childhood and adulthood and the boundaries between them The concept is refined through close readings of twenty first century British children s literature television series film and participatory events troubling age boundaries via specific strategies in three conceptual areas appearance play and space Exploring power structures around age and gender this monograph traces growing sideways as a distinct and important alternative discourse of human growth

decided to keep the Philippines the Washington Conference of 1921-22 and the Manchurian Crisis of 1931 we ignored before Pearl Harbor The result was defeat on the field of battle and the loss of the Philippine Islands
