The Instagram

Writers' Handbook David Jones, 2020-07-02 There are over 75 million people using the top three writing tags on Instagram. Instagram is quickly becoming the go-to platform for writers starting, developing, and advancing their career. Written SPECIFICALLY for writers, the Instagram Writers Handbook isn't a book that promises to get you a million followers in a month or skyrocket you to selling a million books per year. Instead, it will teach you how to build a sustainable and realistic career as a writer, growing your follower count each week, increasing your post-by-post engagement and reach, and generating reliable profits through the sale of your books. It will not make you world famous overnight, but it will help you reach your goal of transforming your love of writing into a successful, profitable, and long-term career.

Beat The Algorithm The Instagram algorithm controls who sees your posts, but we can beat it. Increase your post reach, your engagement, and overall account health. Using a mixture of post frequency, learning the THREE criteria behind every successful viral post, using my secret hashtag methods, and learning how to build relationships with your followers, you will be able to create an account that the algorithm loves, meaning it will prioritise your posts and show them to more people. Don't pay for paid reach. Get followers. A large follower count is attractive but useless in the long run unless you are bringing in new followers, new potential customers, and new readers. Learn how to reach different, targeted groups of readers, attract only users who are highly engaged and interested in your work, and generate reliable, high numbers of new weekly followers. Don't pay for shoutouts. Sell books. Followers and high engagement are vanity metrics on their own. Learn how to convert your followers into readers and your likes into sales. I will teach you how to transform a large following into a hyper-engaged one where your followers aren't just numbers but fans and readers. Don't pay for adverts. Starting from zero, the book takes you through every step on your career as an Instagram writer, from creating an effective marketing profile to publishing your first book, establishing an effective post schedule, and ensuring that your posts reach the maximum possible number of readers, and how to convert those readers into customers. It will teach you how to publish a book. The three criteria behind every successful and/or viral piece of content. How to gain high levels of daily new followers. How to ensure that your posts get high levels of reach and engagement. How to use hashtags to reach a huge but targeted audience. My three secret hashtag methods for gaining followers, increasing engagement, and making sales. How to schedule your posts to maximise your profile's effectiveness with the algorithm. How to reach actual readers, not just unengaged followers. How to convert ALL of these factors into sales and daily, predictable, and sustainable income as an Instagram writer. The book even includes a list of over 600 of the best writing hashtags which you can use on your account NOW to beat the algorithm, get followers, and sell books. Learn the methods that have gained me a huge following on Instagram, brought my books to a global audience, seen them featured in the best-seller charts on Amazon stores across the world, reposted by celebrities, and allowed me to fulfil my dream of making a profitable career out of the thing I love the most: writing.

devices containing miniaturized cameras snapping and sharing photos has never been easier or more commonplace. Playing around with photo and video apps like Instagram, Vine, Flickr, and Snapchat has become a natural part of teenage life. But along with the fun comes responsibility.
