The Innovation Lab, a consulting group specializing in business trend analysis and business model consulting, is simultaneously releasing a 25-volume series of industry-specific reports forecasting the 2026 business landscape. Why 25 industries? Today's business does not move on vague predictions or gut feelings. Accordingly, The Innovation Lab conducted a complete survey of over 5,000 business model (BM) data points from its proprietary analysis platform, NextBM200, to quantitatively analyze changes across 25 key industries that comprise the global market, including Korea. Focusing on specific Business Models instead of grand future discourses, this series avoids abstract futurology or grand narratives.
