Let's find out more about
Manifest Destiny!

Manifest Destiny was a belief in 19th-century America that God called the United States to spread its philosophies and expand its dominion across the continent, which it believed was "less civilised."

*An allegorical representation
of Manifest Destiny*

This concept motivated westward expansion, drove the nation into conflicts, and justified the removal of Indigenous communities from their ancestral lands. Despite the narrative describing it as a period of progress and exploration, the legacy of Manifest Destiny negatively impacted Indigenous communities.
