The Lawyer's Reference Manual of Law Books and Citations Charles C. Soule, 1883      *2017 ICD-10-CM Physician Professional Edition - E-Book* Carol J. Buck, 2016-11-03

Select diagnosis codes accurately with Carol J. Buck's 2017 ICD 10 CM for Physicians Professional Edition. Designed by coders for coders, this full color manual includes all the ICD 10 codes needed for today's outpatient and physician office coding. As coders need extensive knowledge to code with ICD 10 CM and to choose from the thousands of possible codes, this edition provides an essential background in A/P pathology and medical terminology along with colorful Netter's Anatomy illustrations and clear instructions for using the book. Together with the durable spiral binding, these features make professional diagnosis coding faster and easier. A companion website includes the latest coding news and updates. Convenient Guide to the Updates in the front of the book lists all new revised and deleted codes providing at a glance a lookup of the coding changes. Official Guidelines for Coding and Reporting (OGCRs) are listed in full and also integrated within the code set providing fast, easy access to coding rules. Unique Full color Netter's Anatomy art is included in a separate section for easy reference and cross-referenced within the Tabular List of Diseases and Injuries to help you understand anatomy and how it may affect choosing codes. Full color design includes consistent color-coded symbols and text providing easier access to codes and coding information. American Hospital Association's Coding Clinic citations include official ICD 10 CM coding advice relating to specific codes and their usage. 175 full color illustrations provide visual orientation and enhance understanding of specific coding situations. Items are included throughout the Tabular List to ensure accurate coding, providing additional information on common diseases and conditions. Additional elements within specific codes define terms and add coding instructions relating to difficult terminology, diseases and conditions, or coding in a specific category. Symbols and highlights draw attention to codes that may require special consideration before coding, including New Revised and Deleted Codes that call for the use of additional characters. Includes Excludes 1 and Excludes 2. Use Additional Unspecified Code First and Code Also Placeholder X symbol reminds you to assign placeholder X for codes less than 6 characters that require a 7th character. Manifestation code identifies conditions for which it is important to record both the etiology and the symptom of the disease. Age and Sex edits from the Definition of Medicare Code Edits help to ensure accuracy by denoting codes that are used only with patients of a specific age or sex. Coding updates.com companion website includes the latest changes to the ICD coding system.
