Reading Children's Literature: A Critical Introduction - Second Edition Carrie Hintz, Eric L. Tribunella, 2019-03-28

Reading Children's Literature offers insights into the major discussions and debates currently animating the field of children's literature. Informed by recent scholarship and interest in cultural studies and critical theory, it is a compact core text that introduces students to the historical contexts, genres, and issues of children's literature. A beautifully designed and illustrated supplement to individual literary works assigned, it also provides apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television, and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.

Children's Picture Books and Contemporary Egyptian Society Yasmine Motawy, 2025-02-25
A social and political history of two decades of Egyptian neoliberalism through children's picture books published in Egypt in the post-2000 era. Children's picture books are some of the most transparently ideological materials available to parents and educators, and as cultural objects, they are an expression of the zeitgeist of a particular era. They reveal much about the hopes, values, and aspirations of the society that produces them, as well as that society's vision of its place in the wider world at large. *Children's Picture Books and Contemporary Egyptian Society* examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt, as well as to explore the ideologies that lie behind them. Yasmine Motawy argues that a host of factors, including the growth of gated communities and international schooling, the proliferation of lucrative literary awards, returning Gulf migrants, television dramas, and nationwide reading advocacy initiatives, helped give rise to a new kind of children's picture book in Egypt. Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation. The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasingly globalized spaces that children frequent with their families. The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales, while the third cluster addresses children's abilities to assess the impact of their actions on their environment and invites them to examine their personal suitability to positions of power and stewardship.

Fractures and Disruptions in Children's Literature Maria Teresa Cortez, Sandie Mourão, Ana Margarida Ramos, 2017-11-06
In March 2015, the eleventh edition of The Child and the Book Conference was organized at the University of Aveiro in Portugal. The conference was related to the theme of fracture and disruption in children's and young adult literature. This publication provides not only a synthesis of the main reflections but also a starting point for understanding the

issues of fracture and disruption within children's and young adult literature. The volume gathers texts from consolidated figures within the field of research in Children's Literature as well as contributions from junior researchers creating bridges and dialogue between both generations and critical and theoretical approaches. It includes chapters on violence, war, sexuality and politics, discussion around formal stylistic perspectives, analysis of fringe works and hybrid literary forms as well as the issue of audience and the crossover universe. Special reference should be given to the inclusion of contributions from lesser known countries and literatures such as Brazil, Italy, Norway, Poland and Portugal. The volume will be of interest to children's literature specialists, graduate and post graduate students, librarians and mediators of reading.

Children's Literature, a Guide to the Criticism Linnea Hendrickson, 1987. Covering works as diverse as a historical survey of the alphabet book and an analysis of the young adult novels of Judy Blume, this annotated bibliography draws together significant articles, books and dissertations of children's literature criticism. Compiled from a wide variety of popular and scholarly sources, *Children's Literature* provides a thorough and easy-to-use resource to this burgeoning field of study. *Children's Literature* categorizes and assesses the critical response to fiction, drama, poetry and some nonfiction written for children between the ages of one and sixteen. The children's literature covered ranges in format and style from the picture book to the young adult novel.
