### Rewriting a Fairy Tale

Planning Sheet

Before you start an original writing, you'll need to brainstorm ideas and create a plan.

1 Which fairy tale will you be retelling?

2 From whose point-of-view will you be writing (who's the original villain)?

3 What information is incredibly important to writing a story forward. Think about the characters.

4 What information will you add or remove about this character to give a new voice to the story?

5 How do you already know about this character?

6 How might you change the story?

**Listening to Children's Literature Read Aloud** Janice Hartwick Dressel, 1986 **New Jersey Language Arts Literacy Curriculum Framework**, 1998 Screen Adaptations and the Politics of Childhood Robyn McCallum, 2018-01-16 This book features a cutting edge approach to the study of film adaptations of literature for children and young people and the narratives about childhood those adaptations enact Historically film media has always had a partiality for the adaptation of classic literary texts for children As economic and cultural commodities McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth and indeed are a rich resource for the examination of changing cultural values and ideologies particularly around contested narratives of childhood The chapters examine various representations of childhood as shifting states of innocence and wildness liminality marginalisation and invisibility The book focuses on a range of literary and film genres from classic texts to experimental carnivalesque magical realist and cross cultural texts

*Crossing Textual Boundaries in International Children's Literature* Lance Weldy, 2011-01-18 As the first part of the title indicates my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well If we believe that no text is an island then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium Not only am I interested in discussing what these changes across boundaries mean socially historically and culturally but also what they mean geographically which accounts for the second part of my title I am very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries Nevertheless the writers have lived extensively in or identify as being from Australia Canada England Finland Germany Greece Iceland Ireland Israel Norway Spain Sweden Turkey the United States of America and Wales
