Malayali Poor:

Elite Parties, Poor Voters Tariq Thachil, 2014-11-17 Why do poor people often vote against their material interests This puzzle has been famously studied within wealthy Western democracies yet the fact that the poor voter paradox also routinely manifests within poor countries has remained unexplored This book studies how this paradox emerged in India the world's largest democracy Tariq Thachil shows how arguments from studies of wealthy democracies such as moral values voting and the global south such as patronage or ethnic appeals cannot explain why poor voters in poor countries support parties that represent elite policy interests He instead draws on extensive survey data and fieldwork to document a novel strategy through which elite parties can recruit the poor while retaining the rich He shows how these parties can win over disadvantaged voters by privately providing them with basic social services via grassroots affiliates Such outsourcing permits the party itself to continue to represent the policy interests of their privileged base **From the Front Lines of the Appalachian Addiction Crisis** Wendy Welch, 2020-08-26 Stories from doctors nurses and therapists dealing on a daily basis with the opioid crisis in Appalachia should be heartbreaking Yet those told here also inspire with practical advice on how to assist those in addiction from a grass roots to a policy level Readers looking for ways to combat the crisis will find suggestions alongside laughter tears and sometimes rage Each author brings the passion of their profession and the personal losses they have experienced from addiction and posits solutions and harm reduction with positivity grace and even humor Authors representing seven states from northern Coalfields and southern Appalachia relate personal encounters with patients or providers who changed them forever This is a history document showing how we got here an evidenced indictment of current policies failing those who need them most an affirmation that Appalachia solves its own problems and a collection of suggestions for best practice moving forward **Poor's**, 1930 India Migration Report 2020 S.
