Scenario

Sarah, HIM director at University Hospital was recently informed by her boss, the chief financial officer (CFO), that the healthcare organization acquired a local hospital, Memorial Community Hospital. This acquired hospital is located 25 miles away from University Hospital. Most of the HIM functions from Memorial Community Hospital will be centralized into University Hospital by the end of the fiscal year. Functions such as coding, transcription, chart completion, and data quality review will be moved and centralized to the main hospital campus; an HIM satellite station will stay open on the Memorial Community Hospital site to deal with release of information (ROI) requests. Patient care services will remain the same at Memorial Community Hospital to serve the population that currently utilizes this facility for care.
