Scottish Education A. Kennedy, D. Gillies, W. M. Humes, T. G. K. Bryce, 2018-07-31 This detailed informed and critical account of contemporary education in Scotland examines each of the main sectors in depth early years primary secondary further and higher education It scrutinises the historical cultural political and socio economic dimensions within which schools colleges and universities operate Featuring 67 new authors and updated and expanded throughout this fifth edition is so substantially updated from the previous edition as to practically constitute a new book The contributors have drawn on up to date research and professional analysis to give fresh insights into recent educational developments in particular during the period from the Independence referendum in 2014 through the complexities of the post Brexit years These have been years when education has faced difficult challenges and the writers analyse the many factors affecting teachers efforts to operate during uncertain times This latest edition contains forthright and informed commentary on every aspect of education and is essential reading for anyone concerned to know how education currently works in Scotland

Sqa Past Papers in Higher Geography HarperCollins Publishers Limited, Scottish Qualifications Authority, 2002-10
Children, Education and Geography Lauren Hammond, Mary Biddulph, Simon Catling, John H. McKendrick, 2022-11-30 This book examines the intersections between children education and geography With a particular focus on children s geographies and geographies of education the book draws upon cutting edge research to consider how geographical education can be enhanced through increased engagement with these fields The book is underpinned by the position that the lives of children and young people are inherently geographical as are educational institutions systems and processes The volume explores the ways in which the diverse relationships between children education and geography can enrich research and work with and for children and young people Chapters in this book consider how in justices are re produced through education Chapters also explore how insights generated by thinking in and across geography and education can be used to support and empower young people in both formal education and in their everyday lives Ultimately this book is written for children and young people Not as the readership but as people often marginalised in decision making at a variety of scales in education and who we contend should be at the heart of all educational thinking The book is of value to undergraduate and post graduate students interested in geography education and children s geographies as well as teachers of geography both new and experienced
