Emotional Intelligence for Kids Samantha Wiggins, 2012-04-10 Emotional intelligence is the safest most effective mean to live a successful life Therefore as a parent or teacher you always need to be interested in improving emotional intelligence in your child Unfortunately this vital part of every child s education is often ignored by common schooling methods You can start by searching for the emotional intelligence definition but most often than not it won t be the answer you need You first need to understand all the principles behind it and then figure out what is emotional intelligence That is why the author starts by detailing emotions and how feelings affect our lives constantly This emotional intelligence book aims to supplement the standard education received by your kid or student by raising awareness about various methods and practices These approaches have been developed during the author s experience in the educational system and through thorough research in the field of child and group psychology Emotional Intelligence for Kids is structured in ten chapters which have been designed in such way that they could provide intensive and pertinent emotional intelligence training for your kid These chapters will help parents and teachers in achieving a more unconventional educational method focused on exposing children to activities that encourage the expression of emotions It will teach you how to develop emotional intelligence in your kids while providing a solid emotional intelligence appraisal Social skills contribute substantially to an efficient adaptation and integration in the environment we live in Through interactions with others we achieve individual goals We reach them not only through pure cognitive thought but also through emotions through human relationships that push us forward Without emotions and relationships our lives are meaningless Emotional intelligence in the workplace is also vital for your professional career Thus a child s ability to develop relationships with other children until the age of 6 years and above is often more important than having a high IQ Some kids bloom late and some early their cognitive processes start to kick in at different stages in life Developing Emotional intelligence is something that kids must practice starting kindergarten The process of developing social and emotional skills begins as early as the first years of life which is why the quality of interactions with others is crucial You won t find an emotional intelligence test or an emotional intelligence quiz here but rather a collection of emotional intelligence activities described in detail with clear objectives and instructions These activities will be your homework as a parent or tutor something to work on with your child during his learning It is the best emotional intelligence assessment you can make by practicing these activities with your young ones and guiding their

reactions and providing constant feedback to them

Emotional Intelligence Workbook: For Elementary and Middle Grade Children Better Youth Programs, 2019-03-02 Emotional Intelligence is a vital skill for children often overlooked Not only is it overlooked but there is seldom good workbooks available aimed directly at children This activity book is a treasure trove of wonderful exercises that get kids thinking about their own emotions create self esteem empower good behaviours and habits and develop consideration for others Don't neglect to teach your kids a solid emotional intelligence to help them become strong to weather the storm coming up in teenage years This section of the Youth Deployment Activity Guide is designed to give you additional age appropriate resources that are helpful in teaching your child about emotions The emotional and social skills that are presented were written in order to help you grow your child The sections include Intrapersonal Skills Interpersonal Skills Adaptability Stress Management and General Mood Each section is further divided into sub skills that address such things as Problem Solving Happiness Flexibility and other critical emotional and social competencies We encourage you to use these activities throughout the deployment process and beyond Sample Exercises from Emotional Intelligence Activities for Kids My Special Gifts and Talents Everyone has something they do well It may be in a sport or playing a musical instrument or even a particular subject like math A person can even be good at making friends Whatever a person does well can be a gift or talent See if you can recognize your own gifts and talents Piecing a Quilt Many emotions make up the person you are It is important to be able to identify those emotions and know how to deal with them Your emotions are like a patchwork quilt Each of your emotions is pieced together to make up the whole you Inside the patches on the quilt below draw a face showing different emotions you have felt Make No Bones About It Do your friends sometimes do or say things that make you feel uncomfortable Maybe they say unkind things to other classmates Or maybe they take the seat you were saving for someone and won't move when you ask them Do you feel like you should speak up about it but are afraid Here are some steps to take to help you speak up A Skeleton of My Former Self Independence is when you are able to take care of yourself You are able to plan and make important decisions for yourself and you can make those decisions without falling apart or depending on others to bail you out emotionally You are courteous honest and respectful of yourself and others You are willing to take responsibility for your feelings thoughts and actions You rely on others for help when necessary but do not cling to other people

Behaviour for Learning in the Primary School Kate Adams, 2009-01-09 Children's behaviour is a key concern for trainees and teachers This book explores the concept of behaviour for learning which is very much driven by the Every Child Matters agenda It examines the roles of relationships and children's social knowledge in depth In particular it explores relationship with self relationship with others and relationships with the curriculum It also considers the importance of self reflection and other additional factors affecting behaviour for learning such as children's learning difficulties It highlights the complexities and wider social factors involved in attaining positive behaviour in a way which recognises the whole child
