

ENGLISH Grammar & Punctuation

GRAMMAR

THE VERB

The verb is the most important word in a sentence. It tells us what is happening and who is doing it. Verbs can be used in many different ways, and it is important to know the rules for using them correctly.

Verb forms

Verbs have different forms, including the base form, the past tense, the past participle, and the present participle. For example, the verb 'write' has the following forms: write (base form), wrote (past tense), written (past participle), and writing (present participle).

Verb tenses

Verb tenses are used to show the time of an action. The most common tenses are the present tense, the past tense, and the future tense. Each tense has different forms and rules for using them.

Verb agreement

Verbs must agree with the subject of the sentence. This means that the verb must be in the same form as the subject. For example, 'He writes' is correct, but 'He write' is incorrect.

SENTENCES

A sentence is a group of words that expresses a complete thought. Sentences can be simple, compound, or complex. Each type of sentence has its own rules for construction.

Simple sentences

A simple sentence consists of one independent clause. It has a subject and a predicate. For example, 'The cat sat on the mat.' is a simple sentence.

Compound sentences

A compound sentence consists of two or more independent clauses joined together by a coordinating conjunction. For example, 'The cat sat on the mat and the dog barked.' is a compound sentence.

Complex sentences

A complex sentence consists of one independent clause and one or more dependent clauses. For example, 'When the cat sat on the mat, the dog barked.' is a complex sentence.

ADJECTIVES

Adjectives are words that describe nouns. They tell us what something is like, how much of something there is, or what kind of something it is. For example, 'The red car was parked in the garage.' 'Red' is an adjective describing the car.

ADVERBS

Adverbs are words that describe verbs, adjectives, or other adverbs. They tell us how, when, where, or how often something happens. For example, 'She ran quickly to the store.' 'Quickly' is an adverb describing the verb 'ran'.

PREPOSITIONS

Prepositions are words that show the relationship between a noun or pronoun and another word in a sentence. They often indicate location, direction, or time. For example, 'The book is on the table.' 'On' is a preposition showing the relationship between 'the book' and 'the table'.

CONJUNCTIONS

Conjunctions are words that connect two or more words, phrases, or clauses. They are used to show the relationship between different parts of a sentence. For example, 'I like apples and oranges.' 'And' is a conjunction connecting 'apples' and 'oranges'.

INTERJECTIONS

Interjections are words that express strong feelings or emotions. They are often used to draw attention to something or to express surprise, anger, or excitement. For example, 'Wow, that's amazing!' 'Wow' is an interjection.

EMPHASIS & CHANGING MEANINGS

Emphasis is used to make a word or phrase stand out in a sentence. It can be achieved by using italics, boldface, or a different font size. Changing meanings can be achieved by using different words or phrases to describe the same thing.

SENTENCE PLANS & PARAGRAPHS

Sentence plans are used to organize thoughts and ideas into a logical order. Paragraphs are groups of sentences that are related to each other and deal with a single topic. Each paragraph should have a clear topic sentence and supporting details.

English Grammar Manual Quick Start
