The authors take up themes as varied as the implications of Tagore's educational vision for contemporary India, new theoretical interpretations of gender, queer elements, feminism, and subalternism in Tagore's literary and social expressions, his language use as a vehicle for a dialogue between positivism, Orientalism, and other constructs in the ongoing process of globalization, the nature of the influence of Tagore's music and literature on national and cultural identity formation, particularly in Bengal and Bangladesh, and intersubjectivity and critical modernity in Tagore's art. This volume opens up a space for Tagore's critique and his creative innovations in present theoretical engagements.

*Summary of World Broadcasts*, 1999 *The Word*, 1972 *Political Conflict in Pakistan* Mohammad Waseem, 2022-04-01 This book is a major reinterpretation of politics in Pakistan. Its focus is conflict among groups, communities, classes, ideologies, and institutions which has shaped the country's political dynamics. Mohammad Waseem critically examines the theory surrounding the millennium-long conflict between Hindus and Muslims as separate nations who practiced mingled faiths and the Hindu-Muslim and Sikh renaissances that created a twentieth-century clash of communities and led to partition. *Political Conflict in Pakistan* addresses multiple clashes between the high culture as a

mission to transform society and the low culture of the land and the people between those committed to the establishment s institutional constitutional framework and those seeking to dismantle the colonial state between the corrupt and those seeking to hold them to account between the political class and the middle class and between civil and military power The author exposes how the ruling elite centralised power through the militarisation and judicialization of politics rendering the federalist arrangement an empty shell and thus grossly alienating the provinces He sets all this within the contexts of education and media as breeders of conflict the difficulties of establishing an anti terrorist regime and the state s pragmatic attempts at conflict resolution by seeking to keep the outsiders inside This is a wide ranging account of a country of contestations
