Answers for Changes in Supply

Part A

Based on the information provided in Figure 13.2, each event in the legend below will cause the supply of cars to shift. Use the blue arrows in the right of the graph to indicate whether the supply will shift to the right or to the left. Use the green arrows to indicate whether the change in quantity demanded is positive or negative. In the third column, describe how the supply curve shifts and, if applicable, provide the reason for the shift (supply curve). Use Figure 13.2 to help you. Green arrows at the end of each row indicate the direction that the supply curve shifts for each event in the legend.
