preconceived notions about money and invites us into a profoundly different relationship with it **I LOVE YOU, SEND MONEY** Jordan M Alexander, Ready for a wild adventure into online dating It is estimated that by 2040 over 70% of new relationships will start online Internet dating is all the rage radically changing our ideas of romance sex and relationships No longer a domain for the desperate society continues to embrace dating sites as a good way to meet people and user number skyrocket It s easy to do and so many find true love There s never been a better time Or so it seems I Love You Send Money provides you with premium seating to get intimate with James and Alexis in this modern day fairy tale Each goes online searching for true love Neither expects to find a perfect match The emotional rollercoaster of their story the first and only online dating experience for Alexis is best enjoyed with a glass of wine by the cozy fireplace Indulge in the compelling narrative of this reality read Each chapter is paired with food and wine mood music and art leaving a lasting impression in your reading experience This Internet dating romance with a twist brings new meaning to the saying All s fair in love and war
