War, Nation and Europe in the Novels of Storm Jameson Katherine Cooper,2020-04-16 The novels of Storm Jameson and their depictions of Britain s relationship to Europe around the Second World War represent a crucial departure from the work of her contemporaries As the first female President of English PEN Jameson led her country s wartime literary community through turbulent times in history by focusing on European rather than pointedly British experiences of war War Nation and Europe in the Novels of Storm Jameson is a timely critique situated within the historical and theoretical contexts so fundamental to understanding her work Presenting previously unpublished archival material that documents her work as an ambassador for British writers during a time of national upheaval Katherine Cooper reveals how the novelist s pacifism and evolving attitudes to war and peace were underpinned by her overarching vision for the post war world Drawing comparisons to the works of Virginia Woolf Arthur Koestler Graham Greene and others this study shows how Jameson s novels gesture towards prevalent internationalist perspectives and reshapes how we view the literary history of the period

Mythology in the Modern Novel

John J. White, 2015-03-08 J J White reexamines the use of myth in fiction in order to bring a new terminological precision into the field While concentrating on the German novel Mann Broch and Nossack he discusses the work of Alberto Moravia John Bowen Michel Butor and Macdonald Harris as well in order to show the modern predilection for myth in whatever national literature Throughout his discussion Mr White delineates carefully his specific subject the novel in which mythological motifs are used to prefigure events and character Joyce s Ulysses is of course the archetypal novel in this tradition Setting forth his terms and making clear his use of them Mr White then analyzes the wide appeal of the mythological novel for both twentieth century novelists and critics he distinguishes four ways in which modern novelists use myth and surveys the range of critical literature on the subject His concluding chapters are discussions of specific texts in which he differentiates between novels which have a unilinear parallel between myth and plot novels of juxtaposition in which chapters retelling myth parallel modern action and novels of fusion in which the action of the modern account synthesizes more than one mythic prefiguration of mythological motif Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
