The Role of Origin of Fame in Influencer Branding Julia Sinnig,2019-08-20 Based on a comprehensive quantitative study Julia Sinnig shows that the impact social media influencers have on brand related outcomes depends on the identification of consumers with social media influencers Additionally the cultural characteristics of countries in which consumers live play a significant role as to how consumers identification with social media influencers impacts their purchase intentions for brands that are advertised by these influencers Through these conceptually and empirically profound analyses the author detects interesting implications for the management of brands in the context of social media and brand management Especially when it comes to choosing the most suitable social media influencer for brand cooperations it is not the origin of fame that counts but whether customers identify with the influencer in the right way Pop Culture Yoga

Kristen C. Blinne,2020-01-23 Pop Culture Yoga A Communication Remix was born out of a series of questions about the paradoxical nature of yoga How do individuals and groups define yoga What does it mean to practice yoga and what does this practice involve What are some of the most important principles guidelines or philosophical tenets of yoga that shape people s definitions and practices Who has the power and authority to define yoga What are the limits if any of shared definitions of yoga Kristen C Blinne explores the myriad ways yoga is communicatively constructed and defined in and through popular culture in the United States In doing so Blinne offers insight into the many identity work processes in play in the construction of yoga categories illuminating how individuals and groups words and actions represent practices of claiming part of a complex communicative process centered around membership categorization based on a range of authenticity discourses Employing popular culture writing styles Blinne ultimately contends that the majority of yoga styles practiced in the United States are remixes that can be classified as pop culture yoga a distinct way of understanding this complex phenomenon

Entrepreneurial Processes in the Era of Digital Transformation Diego Matricano,Laura Castaldi,William E. Jackson III,Lou Marino,2023-10-24 The book deals with the issue of entrepreneurial processes in the era of digital transformation which is generating profound changes in the business environment blurring industry boundaries and creating unprecedented threats and opportunities for firms The phenomenon of digital transformation is simultaneously or alternatively observed from three different research perspectives The context in which entrepreneurial processes take place and its impact on them The impact of digitalization on the initial phase of entrepreneurial processes The profiles and the roles of individuals in entrepreneurial processes considering the team dynamics as well The growth path addressed to carry out entrepreneurial processes **The**

Handbook of Archival Practice Patricia C. Franks,2021-09-12 To meet the demands of archivists increasingly tasked with the responsibility for hybrid collections this indispensable guide covers contemporary archival practice for managing analog and digital materials in a single publication Terms describing activities central to the archival process such as appraisal acquisition arrangement description storage access and preservation are included In addition responsibilities traditionally

considered outside the purview of the archivist but currently impacting professional activities such as cybersecurity digital forensics digital curation distributed systems e.g. cloud computing and distributed trust systems e.g. blockchain are also covered. The Handbook is divided into ten sections: current environment records creation and recordkeeping systems appraisal and acquisition arrangement and description storage and preservation digital preservation user services community outreach and advocacy risk management security and privacy and management and leadership. Some terms touch on more than one category which made sorting a challenge. Readers are encouraged to consult both the table of contents and the index as a topic may be addressed in more than one entry. A total of 111 entries by 105 authors are defined and described in The Handbook. The majority 79 of the contributors were from the US 12 from Canada 7 from the United Kingdom 3 from Australia 1 each from Germany Jamaica New Zealand and the Russian Federation. Because archival practice differs among practitioners in different countries this work represents an amalgamation. The Handbook was written primarily for archival practitioners who wish to access desired information at the point of need. However, it can also serve as a valuable resource for students pursuing careers in the archival profession and information professionals engaged in related fields.

Commerce Reports Nos. 1-13 Volume 1 Twenty-Sixth Year, 1923 **Masonic Standard**, 1902 **Myth, Cult and Symbols in Śākta Hinduism** Wendell Charles Beane, 1977 **Shakespearean Criticism** Michelle Lee, 2004-05.
