Research Methods in Business and Management Dr Manuel Au-Yong-Oliveira, Prof Carlos Costa, 2021-06-07 Conference Proceedings of 20th European Conference on Research Methods in Business and Management *Transforming Strategic Decision-making through Finance Business Partnering* Jimoh K. Ololade, Xihui Haviour Chen, Victor Chang, 2024-09-09 This book addresses a significant research gap by delving into the Finance Business Partnering (FBP) model within the not-for-profit sector of the Gulf countries with a specific emphasis on Qatar Foundation. While an extensive body of literature explores the FBP model in developed nations, there exists a notable dearth of research in the Middle East and third world countries. The book aims to rectify this imbalance by offering practical insights derived from Qatar Foundation, showcasing the advantages of adopting the FBP model. It goes beyond theoretical frameworks, presenting in-depth data analysis that substantiates the pivotal role of FBPs in supporting effective decision-making processes. By delving into essential concepts such as change management, contingency theory, and organizational culture, the book provides a comprehensive understanding of the factors influencing the successful adoption and implementation of the FBP model. Notably, it introduces practical examples and real-world applications to underscore the model's efficacy, making it a valuable resource for both scholars and practitioners in the fields of management and financial accounting. *ECRM2013-Proceedings of the 12th European Conference on Research Methods* Isabel Ramos, Anabela Mesquita, 2013-04-07 Complete proceedings of the 13th European Conference on Research Methodology for Business and Management Studies ECRM 2013 PRINT version Published by Academic Conferences and Publishing International Limited **Methodological Issues in Management Research** Rabi N. Subudhi, Sumita Mishra, 2019-11-11 Using contemporary examples of business and management research predominantly within the context of India, this book offers numerous tools and techniques which can be applied to a diverse range of research needs. Topics discussed include research designs, sampling, interviews, focus groups, case study research, and mixed method research. **Research Methods for Business Students** Mark N. K. Saunders, Mark Saunders, Philip Lewis, Adrian Thornhill, 2000 *Research Methods for Business Students* This text provides students with the necessary knowledge and skills for the successful completion of a piece of business research. Written as a self-study guide, the student is taken step by step through the research process while real-life case studies, worked examples, and student activities bring to life the realities of undertaking business research. The second edition has been written against a background of rapid change. The availability of powerful analysis software and the accessibility of the Internet provide more sophisticated means of accessing and analysing data and also exciting new avenues for research. Furthermore, the body of knowledge on research methods has expanded since the first edition. This edition has therefore been fully updated to take account of these changes. Now in two colours, this is a comprehensive, effective, and accessible learning resource. Features new to the second edition: Focus on utilising new technologies; Inclusion of relevant Internet addresses; Advice on use of on-line surveys; Worked examples and case studies have been updated; Additional worked examples and diagrams; Fully revised section on research s
