Bhandari,2022-09-01 *Getting the Climate Science Facts Right* discusses climate change science with reference to the Intergovernmental Panel on Climate Change IPCC Addressing climate change is the most important public priority of the 21st Century Unlike many issues however this issue is being driven by both science and its interface with politics The main institution for bridging this division between science and international politics is the IPCC As such it is the main source of the facts from which climate change policy is developed This book describes the ways in which the IPCC arrives at these facts and so can be sure they are complete and evidence based Seldom in history has science had such a direct relationship with politics The negotiation of an international policy regime requires at its outset an agreement on the facts In this case the facts are scientific complex and contentious Governments have recognized this and have by using the IPCC set up institutional machinery to provide facts from a source and in a manner that they can accept The way in which the IPCC functions is unique in that it melds the way in which science achieves consensus with the way governments do at the international level Starting with a process to examine review and debate scientific findings leading to a consensus about scientific fact usually expressed as probabilities that the findings will hold over time the IPCC then concludes by using the kind of consensus development mechanism that the United Nations typically uses to achieve agreements leading to the formation of policy regimes The book examines the structure of the IPCC its composition and its procedures in order to achieve an understanding of its role and future **Prediction through**

Dasha System S.C. Kursija, Prediction through Dasha System is the chief objective of Predictive Astrology Maharshi Parashar has mentioned 43 types of Dashas in his Brihat Parashar Hora Shastra Here in this book the Vimshottari Dasha has been mentioned elaborately in particular which is used extensively Besides the Ashtottari and Yogini Dashas have also been narrated briefly Vimshottari Dasha system is based on constellation This system is used throughout India and recognized by all It is based on the lordship of planet The native can have result according to the house of which the planet is the lord So it is essential to know the Karakatva of the house and the merit of the lord of it The book has been composed keeping in view the problems of the students of All India Federation of Astrologers Societies on the inspiration of Mr Arun Kumar Bansal This book explains the method of prediction on the basis of Dasha in any easy to understand manner A learned astrologer has to make study of the three different parts of a horoscope 1 Yoga the combination of planets and Lords 2 Period sub period i e dasha 3 Gochar that is transit All the three parts are the supplements of each other Yoga is most important among all the three parts Period sub period i e dasha may prove to be futile if there is no Yoga in a horoscope For example Period sub period that of Lord of fifth house or of Karaka planet cannot bless a native with a child if there is no Santan Yoga in his horoscope Likewise Gochar too cannot do anything if there is no Yoga in a horoscope So all the three parts are essential to have the result

Heavens and Earth Garima Garg,2022-08-16 What will the future bring The ancient astrologer turned the impulse to answer this question into something meaningful by mapping the night skies and attempting to see in the movement of planets and stars an impact on human lives But did all astrologers see the same night sky Did the observations of the Hindu astrologer match those of the Greek How did the Egyptians and the Chinese understand the influence of the Sun and the Moon on our lives Over the centuries as astrology developed and evolved it also seeped into our philosophies religions literature and arts And it grew and shape shifted in step with the times Whereas the ancient astrologer was as much seer as astronomer the modern counterpart is a tech savvy innovator Heavens and Earth examines the history of astrology its many different systems and its development as a modern cultural phenomenon Deeply researched and expertly narrated the book contextualises the role of astrology in the ever evolving human perspective of the cosmos and in understanding our place in it
