Diesel Emissions and Their Control, 2nd Edition W. Addy Majewski, Hannu Jääskeläinen, 2023-12-20 Engineers applied scientists students and individuals working to reduce emissions and advance diesel engine technology will find the second edition of Diesel Emissions and Their Control to be an indispensable reference. Whether readers are at the outset of their learning journey or seeking to deepen their expertise, this comprehensive reference book caters to a wide audience. In this substantial update to the 2006 classic, the authors have expanded the coverage of the latest emission technologies. With the industry evolving rapidly, the book ensures that readers are well informed about the most recent advances in commercial diesel engines, providing a competitive edge in their respective fields. The second edition has also streamlined the content to focus on the most promising technologies. This book is rooted in the wealth of information available on DieselNet.com, where the Technology Guide papers offer in-depth insights. Each chapter includes links to relevant online materials, granting readers access to even more expertise and knowledge. The second edition is organized into six parts, providing a structured journey through every aspect of diesel engines and emissions control: Part I: A foundational exploration of the diesel engine combustion and essential subsystems; Part II: An in-depth look at emission characterization, health and environmental impacts, testing methods, and global regulations; Part III: A comprehensive overview of diesel fuels, covering petroleum, diesel alternative fuels, and engine lubricants; Part IV: An exploration of engine efficiency and emission control technologies, from exhaust gas recirculation to engine control; Part V: The latest developments in diesel exhaust aftertreatment, encompassing catalyst technologies and particulate filters; Part VI: A historical journey through the evolution of diesel engine technology, with a focus on heavy-duty engines in the North American market. ISBN 9781468605693 ISBN 9781468605709 ISBN 9781468605716 DOI 10.4271/9781468605709

Blockchain Hurricane Kate Baucherel, 2020-03-03 This book gives business decision makers and students a clear overview of the history, current applications, and future potential of distributed ledgers and cryptocurrency. The hype around blockchain technology is matched only by the innovation it inspires and the skepticism it provokes. This book gives business decision makers and students a clear overview of the history, current applications, and future potential of distributed ledgers and cryptocurrency. It explores strengths and weaknesses, emerging opportunities, and perceived threats. Technical frameworks are presented in a business context to help strategists understand the risks and rewards of different approaches to blockchain implementation and the decision factors in determining whether this is a viable solution to the problem at hand.

Beyond Great Arindam Bhattacharya, Nikolaus Lang, Jim Hemerling, 2020-10-06 Great is no longer good enough. Beyond Great delivers a powerful new playbook of 9 core strategies to thrive in a post-COVID world where all the rules of the game are being re-written. Beyond Great answers to two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological, economic, and social change. First, what is outstanding performance in this new volatile era? Second, how do we build competitive advantage in a world with new and

often uncertain rules Supported by years of research and hands on consulting practice this book presents a comprehensive framework for building a high performing resilient adaptive and socially responsible global company The book begins by taking an incisive look at these disruptive forces transforming globalization including economic nationalism the boom in data flows and digital commerce the rise of China heightened public concerns about capitalism and the environment and the emergence of borderless communities of digitally connected consumers Distilled from the study of hundreds of companies and interviews with dozens of business leaders the authors have distilled nine core strategies the new winning playbook of the 21st century Beyond Great argues that business leaders today must lead with a new kind of openness flexibility and light footedness constantly layering in new strategies and operational norms atop existing ones to allow for always on transformation Leaders must master a whole new set of rules about what it takes to be global becoming shapeshifters adept at handling contradiction multiplicity and nuance This book will show them how
