Crane And Matten Business Ethics Chapters:

Business Ethics Andrew Crane, Dirk Matten, 2010-03-25 The third edition of this book introduces business ethics concepts tools and theories then applies them to key stakeholder groups It takes a global approach in a market dominated by US texts The accessible style and thorough pedagogy ensure the book is both student and teacher friendly **Corporate Social Responsibility: A Very Short Introduction** Jeremy Moon, 2014-10-23 Corporate social responsibility has been defined as the responsibility of enterprises for their impacts on society Is Corporate Social Responsibility CSR just window dressing or is it a contradiction in terms In this Very Short Introduction Jeremy Moon shows that CSR holds much more value than it first appears and shows how it has come of age in recent years Illustrating the sorts of CSR investments companies make the ways in which they practice CSR and the challenges this brings Moon considers how the principles migrated from their US roots to become a global business phenomenon Exploring the place of CSR in different economic social political and managerial contexts this short guide considers the many positives but also challenges that CSR can present for companies societies and governments worldwide ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable Handbook of Research on Global Corporate Citizenship Andreas Georg Scherer, Guido Palazzo, 2008 Want to know what s buzzing with corporate citizenship Look no further This book shows why global corporate citizenship has been called the topic of the decade and why it matters to each of us no matter where we live It explains in plain English the major issues and ideas percolating in current research on the topic Trust what you discover in the book The list of contributors to Handbook of Research on Global Corporate Citizenship reads like a Who s Who of corporate citizenship research Thomas Donaldson University of Pennsylvania US This is a unique and eclectic set of essays on a vitally important but often neglected topic The editors are to be congratulated in assembling a distinguished group of scholars who carefully and expertly guide the reader through the various facets of global corporate citizenship This is a must read for anyone interested in the social ramifications of the globalization of business activity John H Dunning OBE University of Reading UK and Rutgers University US Start with a fact large corporations wield enormous power in the contemporary globalized economy Then note the hopes and fears that this fact inspired the potential to harness the profit motive to social needs but the fear that the profit motive can just as easily wreak havoc And finally bring together some leading scholars from around the world to discuss the matter and the result is a hugely impressive collection of essays on one of the burning issues of our time This volume is definitive the necessary starting point for future debate Paul S Adler University of Southern California US This volume provides an extensive and comprehensive overview of current research and theory about why and how corporations should play a more active role in fulfilling their global citizenship obligations and responsibilities Its

contributors include many of the most important and influential scholars in the field of corporate social responsibility from both Europe and the US An important strength of this volume is the diversity and breadth of the dimensions of corporate citizenship that it explores in depth This volume provides an important resource to scholars managers and activists interested in promoting corporate citizenship David Vogel University of California Berkeley US The Handbook of Research on Global Corporate Citizenship identifies and fosters key interdisciplinary research on corporate citizenship and provides a framework for further academic debate on corporate responsibility in a global society This exciting and important Handbook provides a unique forum to discuss the consequences of the social and political mandate of business firms and examines the implications of these consequences for the theory of the firm Leading academics have been invited from various disciplines such as management studies economics sociology legal studies and political science to evaluate the concept of corporate citizenship and to analyze the role of private business in global governance and the production of global public goods The Handbook is structured in seven sections theoretical perspectives on corporate citizenship contemporary issues and challenges of global business regulation actors and institutions of global business regulation disciplinary perspectives on corporate citizenship implications for management theory building critical perspectives on corporate citizenship conclusions This Handbook will be a significant read for academics postgraduate students and managers interested in the field of corporate citizenship regulation and corporate responsibility across the social sciences

Foreign Investment, Human Rights and the Environment Shyami Puvimanasinghe, 2007-06-30 Events like the Bhopal disaster the sale of products harmful to human health and safety and child labour especially in resource scarce settings raise fundamental issues of human dignity and ecological integrity From a legal perspective and in the context of Foreign Direct Investment by Transnational Corporations in developing countries they highlight the lacuna of a holistic international legal framework and its implementation This book embodies a critique of the complex web of public international law principles on economics human rights and the environment and their convergence or lack thereof related regional South Asian and domestic Sri Lankan legal arrangements interventions of states and non state actors towards just equitable and sustainable development It is a quest for a middle path in the multidisciplinary landscape of international law development and North South power dynamics globalization of free trade and investment and of social and environmental interests and salient aspects of the philosophical socio economic and legal fabric of South Asia viewed against the evolving controversial and elastic sphere of international relations and law where consensus has hitherto been an elusive dream

International Corporate Social Responsibility Ramon Mullerat, 2010-01-01 At present Corporate Social Responsibility CSR for some may not be more than an attitude Can it be more What degree of commitment can we reasonably expect of corporations in the struggle to eradicate poverty promote human rights halt climate change and reverse ongoing environmental destruction It is not a question of power more than half of the worlds top 100 economies are corporations not nation states Whatever can be done to fix the world s

problems corporations are in the best position to do it Back cover

Corporate Sustainability Andreas Rasche, Mette Morsing, Jeremy Moon, Arno Kourula, 2023-03-30 This introductory textbook explores key issues and recent discussions within the field of corporate sustainability and social responsibility through theoretical and practical perspectives Written by an international team of experts the chapters introduce the actors and corporate processes that shape firms management of environmental social and governance ESG issues Spanning strategy communication changing regulation and governance the book grapples with critical issues such as anti corruption labour rights and climate change balancing incisive critique with suggestions for meaningful change This analysis supported by study questions and further learning resources in each chapter equips students to tackle sustainability challenges effectively in their future work A regularly updated companion website provides adaptable lecture slides and case studies with discussion questions for instructors This is an essential text for undergraduate and postgraduate courses on corporate sustainability CSR and business ethics and is also relevant to political science international relations and communications

Corporate Social Responsibility Across Europe André Habisch, Jan Jonker, Martina Wegner, René Schmidpeter, 2004-10-25 Corporate Social Responsibility CSR has become an increasingly important topic in our global society Corporate Social Responsibility Across Europe is the first volume of its kind to bring together twenty three national perspectives on this issue Thirty seven European researchers worked on the book which provides a comprehensive and structured survey of CSR developments and progress at national levels An overview and analysis is provided for each country Topics addressed include business and societal mindsets in the different cultural settings national drivers for the current development of CSR and prospects for the individual countries in the future Furthermore it contains three comprehensive pan European analyses The chapters also contain practical information and references to the Internet as well as relevant literature in order to support further research and stimulate business activities in this field The result is a rather unique collection of essays on the topic of CSR across Europe

Managing and Organizations Stewart Clegg, Martin Kornberger, Tyrone Pitsis, 2008 provides an original and engaging introduction to organizational behavior New to the second edition Completely revised and restructured to better match Organizational Behaviour courses six new chapters for coverage of all essential topics including individuals teams and groups human resource management ethics and corporate social responsibility new learning features including boxed sections case studies and marginal definitions to ensure students explore key themes and truly engage with contemporary debates a new companion website and full instructors manual Cover

Corporate Social Responsibility Andrew Crane, Dirk Matten, 2007-09-18 Over the last four decades Corporate Social Responsibility CSR has acquired distinctive organizational status and become the subject of an increasing number of social and environmental policies This development has been reflected by an outpouring of literature that focuses on CSR and constitutes a distinct area of business education and research This major work carefully and constructively brings together seminal articles to provide a comprehensive overview

of the burgeoning interdisciplinary and international scholarly writing in the field Papers will cover the following areas
Volume I Theories and Concepts of CSR providing a comprehensive grounding in the conceptual and normative CSR literature
Volume II Managing and Implementing CSR providing a thorough overview of CSR as a practical phenomenon
Volume III CSR in Global Context providing an integrated international perspective on CSR theory and practice

International Perspectives on Business Ethics Andrew Crane, Dirk Matten, 2012 Social Inclusion: Societal and Organizational Implications for Information Systems Eileen Trauth, 2006-06-15 This book presents the proceedings of the Working Conference on the societal and organizational implications for information systems of social inclusion The contributed papers explore technology design and use in organizations and consider the processes that engender social exclusion along with the issues that derive from it The conference sponsored by the International Federation for Information Processing Working Group 8.2 was held in Limerick Ireland in July 2006 Sustainable Development and Global Community

International Institute for Advanced Studies in Systems Research and Cybernetics, 2006 **American Business Values** Gerald F. Cavanagh, 2010 In this 6th edition of American Business Values the author examines the ethics and values of American business Gerald F Cavanagh helps the reader to know one's personal goals values and character and how one can affect their development improve one's ability to make ethical judgments and to act ethically in and outside the firm understand the strengths and limitations of the free market capitalist system recognize how American values influence people around the world and how American values are affected by other peoples and grasp how one's character and integrity affect self firm family and society Book Jacket **Sustainability Marketing** Frank-Martin Belz, Ken Peattie, 2009-11-10 Sustainability Marketing is primarily about the successful development and marketing of sustainable products and services e.g hybrid cars fuel cell cars car sharing organic food products fair trade products passive houses and renewable energies

The Business Environment Paul Wetherly, Dorron Otter, 2008 Designed specifically for students new to the study of business this book gives context to the subject in the range of environments in which business operates Part One introduces the environments through the well used PESTLE framework this structure ensures that the core political economic socio cultural technological legal and environmental influences on business are fully covered A range of themes is clearly presented in each chapter to ensure this approach does not over simplify the presentation of the business environment These themes are designed to demonstrate to the reader that business is diverse and complex and there are many inter relationships between the environments The themes also outline the factors which influence business for example the diversity of business the complexity of the external environment and the interaction between business and its environment Part Two departs from the PESTLE framework and focuses on a range of contemporary issues relevant to each environment this enables the reader to access the theory through lively current debates These include the changing public sector corporate social responsibility and ethics globalization and work life balance There are interesting short cases and examples

throughout as well as a longer case study at the end of each chapter cases include the Nintendo Wii BlackBerry Nike eBay Nokia EasyJet Toyota and the 2012 Olympics The analytical approach the text takes showing different opinions and perspectives and challenging key issues will stimulate lively discussion and debate Online Resource Centre A comprehensive Online Resource Centre provides all the teaching and learning materials needed to support each chapter removing the need for lecturers to look for additional seminar and test materials and giving students the resources they need to check and build upon their understanding Lecturers can track students progress and understanding using an online test bank of 300 questions offering immediate answers that can be customised and loaded on to the university's VLE Seminar activities can be based around the additional online case studies whilst lecturer's notes with outline answers and discussion points to accompany the review questions in the text provide a framework for class debate Students can test themselves using online multiple choice questions with feedback or the online flashcard glossary Weblinks to useful sites provide a quick resource for further research and web exercises guide the student to specific articles on the web accompanied by questions to stimulate critical thinking
