Success Factor: Corporate Culture Sonja A. Sackmann, 2011-06-27 Do corporate culture and leadership contribute to a firm s success And if so how How can a company create and develop its

corporate culture to compete successfully over the long term. Answers to these questions emerge in case studies of the business practices of six long established and world renowned companies: the BMW Group, Deutsche Lufthansa, Grundfos, Henkel, Hilti and Novo Nordisk. In a project initiated by the Bertelsmann Stiftung, researchers investigated these firms and analyzed the central characteristics of corporate success from a culture perspective. The case studies render a detailed picture of each firm's distinctive corporate culture and the factors that shape it. Based on these examples, Sonja A. Sackmann has identified concrete strategies and practices that illustrate how a company's management can make a significant contribution toward developing a dialogue oriented corporate culture that supports a firm's viability. The appendix provides a checklist for readers who want to develop their firm's culture and practice culturally aware management. 69 *Company Book - CHEMICAL SUBSTANCE* Serhat Ertan, 2021-05-14.
