Readers Choice Psychological Suspense:

The Readers' Advisory Guide to Genre Fiction, Third Edition Neal Wyatt, Joyce G. Saricks, 2019-07-03 Everyone's favorite guide to fiction that's thrilling, mysterious, suspenseful, thought-provoking, romantic, and just plain fun is back and better than ever in this completely revamped and revised edition. A must for every reader's advisory desk, this resource is also a useful tool for collection development librarians and students in LIS programs. Inside, RA experts Wyatt and Saricks cover genres such as Psychological Suspense, Horror, Science Fiction, Fantasy, Romance, Mystery, Literary, and Historical Fiction and introduce the concepts of Adrenaline and Relationship Fiction. Includes everything advisors need to get up to speed on a genre, including its appeal, characteristics, key authors, sure bets, and trends. Demonstrates how genres overlap and connect, plus suggestions for guiding readers among genres and tie genre fiction to the whole collection, including nonfiction, audiobooks, graphic novels, film, and TV, poetry, and games. Both insightful and comprehensive, this matchless guidebook will help librarians become familiar with many different fiction genres, especially those they do not regularly read, and aid library staff in connecting readers to books they're sure to love. *Reader's Choice* Jean Wilkinson, 1970

The Readers' Advisory Guide to Genre Fiction Joyce G. Saricks, 2001 Covering fifteen popular genres, each chapter includes a definition of the genre, its characteristics, and appeal elements such as character development, story line, and frame, and its key authors and subgenres. [Double Blind](#) Brandilyn Collins, 2012 A desperate young widow who survived a near-fatal attack hopes an experimental brain surgery will help her beat the severe depression she cannot shake, but at what price?

A Current Deception Arleen Alleman, 2015-01-30 Freelance reporter Darcy Farthing boards a luxury cruise ship for a trip to beautiful Australian seaports with family and friends, where a baffling murder mystery challenges her investigative skills. The crimes begin when a small town Kansas woman traveling with a class reunion tour group is plagued by an attack of yellow crazy ants, a dangerous invasive species, as well as an illness caused by mysterious foodborne bacteria, and the odd cancellation of an onshore tour. The bizarre but relatively minor incidents escalate when the ants injure more passengers and crew members. Soon a peculiar death on the streets of Adelaide and attempted murders on board the ship threaten to cause panic. It is obvious that a crew member or passenger is targeting individuals, but who is it and why? Meanwhile, Darcy is distracted by daughter Rachael's uncharacteristic behavior and intense friendship with a handsome passenger. Reluctant to make waves, Darcy tries to suppress her concerns. She turns her full attention to the crimes when evidence is found in Brooks's stateroom, and the security chief names him as the sole suspect. Brooks is clearly innocent, but the chief is inexplicably reluctant to conduct a more thorough investigation to clear him. Then Darcy's best friend Sid, who is also Brooks's fiancé, becomes the latest victim. Clue by clue, with husband Mick's help, Darcy uses her skills to reveal a homicidal master of disguise and world-class computer hacker intent on exacting revenge related to a twenty-year-old crime.
