Incorporating Engaged Research in Social Development Wassie Kebede, Alice K. Butterfield, 2021-04-26 In a wide ranging presentation derived from teaching experiences and research projects seasoned professors Wassie Kebede and Alice Buttereld examine engaged research that links social work human services and social

development with the intent of instigating action for social change Drs Kebede and Buttereld begin by introducing others to an overview of engaged research and models of social change and then examine development issues in Ethiopia in view of engaged research After offering their context of engaged research as a prototype for extrapolating development policies that can be studied compared and contrasted with those in other countries Kebede and Buttereld present the results from the engaged research of former PhD students now faculty at various universities in Ethiopia The book provides a glimpse into the professors own experiences and an emphasis on the importance of involving faculty and students in engaged research through coursework Incorporating Engaged Research in Social Development is a comprehensive study that offers academic insight and research results in order to promote social development and change Readers are encouraged to use this book for teaching and implementing engaged research in higher education Guidelines for teaching undergraduate and graduate courses are included

Leadership, Learning, Well-being, and Justice in Educational Organizations José Matias Alves ,Mireia Tintoré, Lúcia Jesus Pecegueiro Serra,2025-03-21 Educational leadership is a pivotal factor influencing student learning second only to direct classroom instruction Leaders in educational settings are tasked with shaping a collective vision for inclusion and fostering a school culture centered on social justice and well being ensuring success for every student The role of leadership in mobilizing and inspiring purposeful interdependent action through a shared vision is crucial for leveraging teachers professional capital fostering a climate of innovation and inclusion and enhancing teachers agency and learning cultures within educational organizations Despite the diversity of leadership styles ranging from toxic to transformational laissez faire to instructional and charismatic to servant understanding their effects is essential especially given the pressing need to construct new inclusive educational environments Current research highlights the importance of educational leadership practices that promote personal professional organizational and social well being yet there remains a significant gap in comprehensively understanding how these practices can be optimized to foster quality teaching and inclusive learning

The Ethiopian Army Fantahun Ayele,2014-10-30 The Ethiopian popular revolution of 1974 ended a monarchy that claimed descent from King Solomon and the Queen of Sheba and brought to power a military government that created one of the largest and best equipped armies in Africa In his panoramic study of the Ethiopian army Fantahun Ayele draws upon his unprecedented access to Ethiopian Ministry of Defense archives to study the institution that was able to repel the Somali invasion of 1977 and suppress internal uprisings but collapsed in 1991 under the combined onslaught of armed insurgencies in Eritrea and Tigray Besides military operations The Ethiopian Army discusses tactical areas such as training equipment intelligence and logistics as well as grand strategic choices such as ending the 1953 Ethio American Mutual Defense Agreement and signing a treaty of military assistance with the Soviet Union The result sheds considerable light on the military developments that have shaped Ethiopia and the Horn in the twentieth century
