

ENGLISH Grammar & Punctuation

GRAMMAR

THE VERB

The verb is the most important word in a sentence. It tells us what is happening and who is doing it. Verbs can be used in many different ways, and it is important to know the rules for using them correctly.

Verb forms

Verbs can be used in different forms, depending on the tense and voice of the sentence. The main forms are the infinitive, the present participle, the past participle, and the past tense.

Verb agreement

The verb must agree with the subject of the sentence. This means that the verb must be in the same tense and voice as the subject. For example, 'He is running' is correct, but 'He runs' is incorrect.

SENTENCES

A sentence is a group of words that express a complete thought. Sentences can be simple, compound, or complex. They must always have a subject and a verb.

Subject

The subject of a sentence is the person or thing that is doing the action. It is usually a noun or a pronoun.

Verb

The verb of a sentence is the action or state of being. It is usually a word that ends in -s, -ed, or -ing.

Object

The object of a sentence is the person or thing that is receiving the action. It is usually a noun or a pronoun.

Complement

The complement of a sentence is the word or words that complete the meaning of the sentence. It can be an adjective, a noun, or a phrase.

ADJECTIVES

Adjectives are words that describe nouns. They tell us what something is like, how much of something there is, or what kind of something it is.

Types of adjectives

Adjectives can be divided into different groups, such as descriptive, demonstrative, and possessive.

ADVERBS

Adverbs are words that describe verbs, adjectives, or other adverbs. They tell us how, when, where, or how often something happens.

Types of adverbs

Adverbs can be divided into different groups, such as manner, time, and place.

PREPOSITIONS

Prepositions are words that show the relationship between a noun and another word in a sentence. They usually come before a noun.

Types of prepositions

Prepositions can be divided into different groups, such as time, place, and direction.

SENTENCE STRUCTURE

The structure of a sentence is the order of the words in the sentence. There are four main types of sentence structure: simple, compound, complex, and compound-complex.

Simple sentence

A simple sentence has one independent clause. It can be as short as 'The cat sat' or as long as 'The cat sat on the mat under the tree in the garden.'

Compound sentence

A compound sentence has two or more independent clauses joined together by a coordinating conjunction, such as 'and', 'but', or 'or'.

Complex sentence

A complex sentence has one independent clause and one or more dependent clauses. The dependent clause is usually introduced by a subordinating conjunction, such as 'because', 'when', or 'if'.

Compound-complex sentence

A compound-complex sentence has two or more independent clauses and one or more dependent clauses.

EMPHASIS & EMPHASIS WORDS

Emphasis words are words that are used to draw attention to a particular part of a sentence. They can be used to make a statement more forceful or to highlight a specific detail.

Types of emphasis words

Emphasis words can be divided into different groups, such as adjectives, adverbs, and interjections.

SENTENCE FLUENCY & PARSING

Sentence fluency is the ability to use a variety of sentence structures to make writing more interesting and effective. Parsing is the process of breaking a sentence down into its constituent parts to understand its structure.

Improving sentence fluency

There are several ways to improve sentence fluency, such as using a variety of sentence structures, using parallelism, and using rhetorical devices.

Parsing a sentence

To parse a sentence, you need to identify the subject, the verb, and the object of the sentence. You also need to identify any modifiers and their relationship to the main parts of the sentence.

English Grammar Manual Quick Start
