Writing, Retelling, and Critically Reading Children's and Young Adult Tales Bernard Montoneri, 2025-06-24 This edited collection traces the evolution of writing retelling and critically reading children's and young adult tales over decades of cultural social and technological changes Global contributions cover the increasingly diverse narratives found in children's literature including how contemporary authors challenge traditional gender roles found in fairy tales through modern increasingly prevalent retellings Chapters also consider the psychological impact of storytelling on children and how narratives can provide children with frameworks for understanding their emotions and experiences *Twice-Told Children's Tales* Betty Greenway, 2013-09-13 It is only in childhood that books have any deep influence on our lives Graham Greene The luminous books of our childhood will remain the luminous books of our lives Joyce Carol Oates Writers as they often attest are deeply influenced by their childhood reading Salman Rushdie for example has said that The Wizard of Oz made a writer of me *Twice Told Tales* is a collection of essays on the way the works of adult writers have been influenced by their childhood reading This fascinating volume includes theoretical essays on Salman Rushdie and the Oz books *Beauty and the Beast* retold as *Jane Eyre* the childhood reading of Jorge Luis Borges and the remnants of nursery rhymes in Sylvia Plath's poetry It is supplemented with a number of brief commentaries on children's books by major creative writers including Maxine Hong Kingston and Maxine Kumin **Children's Picture Books and Contemporary Egyptian Society** Yasmine

Motawy, 2025-02-25 A social and political history of two decades of Egyptian neoliberalism through children's picture books published in Egypt in the post 2000 era Children's picture books are some of the most transparently ideological materials available to parents and educators and as cultural objects they are an expression of the zeitgeist of a particular era They reveal much about the hopes values and aspirations of the society that produces them as well as that society's vision of its place in the wider world at large *Children's Picture Books and Contemporary Egyptian Society* examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt as well as to explore the ideologies that lie behind them Yasmine Motawy argues that a host of factors including the growth of gated communities and international schooling the proliferation of lucrative literary awards returning Gulf migrants television dramas and nationwide reading advocacy initiatives helped give rise to a new kind of children's picture book in Egypt Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasing globalized spaces that children frequent with their families The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales while the third cluster addresses children's abilities to assess the impact of their actions on their environment and invites them to examine their personal
