Le Guin, 1983-03-15 When The Left Hand of Darkness first appeared in 1969 the original jacket copy read Once in a long while a whole new world is created for us Such worlds are Middle Earth Dune and such a world is Winter Twenty five years and a Hugo and Nebula Award later these words remain true In Winter or Gethen Ursula K Le Guin has created a fully realized planet and people But Gethen society is more than merely a fascinating creation The concept of a society existing totally without sexual prejudices is even more relevant today than it was in 1969 This special 25th anniversary edition of The Left Hand of Darkness contains not only the complete unaltered text of the landmark original but also a thought provoking new afterword and four new appendixes by Ms Le Guin When the human ambassador Genly Ai is sent to Gethen the planet known as Winter by those outsiders who have experienced its arctic climate he thinks that his mission will be a standard one of making peace between warring factions Instead the ambassador finds himself wildly unprepared For Gethen is inhabited by a society with a rich ancient culture full of strange beauty and deadly intrigue a society of people who are both male and female in one and neither This lack of fixed gender and the resulting lack of gender based discrimination is the very cornerstone of Gethen life But Genly is all too human Unless he can overcome his ingrained prejudices about the significance of male and female he may destroy both his mission and himself **The Left Hand of Darkness** Ursula K. The Greenstone Door William Satchell, 1914

Political Theory, Science Fiction, and Utopian Literature Tony Burns, 2010-02-19 Ursula K Le Guin's *The Dispossessed* is of interest to political theorists partly because of its association with anarchism and partly because it is thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view *The Dispossessed* represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of *The Dispossessed* and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that *The Dispossessed* is not a literary utopia but a novel about utopianism in politics Le Guin's concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin's work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism
