Libro Di Storia Millennium :

"Il Verbo di Dio è vivo" José Enrique Aguilar Chiu, 2007 I trentasei studi sul Nuovo Testamento qui raccolti sono espressione di gratitudine al Cardinal Albert Vanhoye S I esempio di una vita totalmente spesa a servizio della Chiesa di Cristo nell'insegnamento competente della sacra Scrittura nella ricerca instancabile e nella zelante predicazione del Verbo di Dio nonché nella sua attività di consigliere saggio e discreto presso vari dicasteri della Curia Romana E un omaggio ad un uomo di fede che ha infaticabilmente indagato la Sacra Scrittura sia per trovarvi il fondamento della propria esistenza che per annunciare agli altri la parola di vita Fil 2 16 Il libro intende essere uno strumento per proseguirne la medesima indagine e lo stesso annuncio

Iconophilia Francesca Dell'Acqua, 2020-05-07 Between the late seventh and the mid ninth centuries a debate about sacred images conventionally addressed as Byzantine iconoclasm engaged monks emperors and popes in the Mediterranean area and on the European continent The importance of this debate cannot be overstated it challenged the relation between image text and belief A series of popes staunchly in favour of sacred images acted consistently during this period in displaying a remarkable iconophilia or love for images Their multifaceted reaction involved not only council resolutions and diplomatic exchanges but also public religious festivals liturgy preaching and visual arts the mass media of the time Embracing these tools the popes especially promoted themes related to the Incarnation of God which justified the production and veneration of sacred images and extolled the role and the figure of the Virgin Mary Despite their profound influence over Byzantine and western cultures of later centuries the political theological and artistic interactions between the East and the West during this period have not yet been investigated in studies combining textual and material evidence By drawing evidence from texts and material culture some of which have yet to be discussed against the background of the iconoclastic controversy and by considering the role of oral exchange Iconophilia assesses the impact of the debate on sacred images and of coeval theological controversies in Rome and central Italy By looking at intersecting textual liturgical and pictorial images which had at their core the Incarnate God and his human mother Mary the book demonstrates that between c 680 880 by unremittingly maintaining the importance of the visual for nurturing beliefs and mediating personal and communal salvation the popes ensured that the status of sacred images would remain unchallenged at least until the Protestant Reformation in the sixteenth century

Sacrum Poloniae millenium Ladislaw Smolen, 1966 *Una nobile follia* Igino Ugo Tarchetti, 2009 *Death, War, and Sacrifice* Bruce Lincoln, 1991-08-27 One of the world's leading specialists in Indo European religion and society Bruce Lincoln expresses in these essays his severe doubts about the existence of a much hypothesized prototypical Indo European religion Written over fifteen years the essays six of them previously unpublished fall into three parts Part I deals with matters Indo European in a relatively unproblematized way exploring a set of haunting images that recur in descriptions of the Otherworld from many cultures While Lincoln later rejects this methodology these chapters remain the best available source of data for the topics they address In Part II Lincoln takes the data for each essay

from a single culture area and shifts from the topic of dying to that of killing Of particular interest are the chapters connecting sacrifice to physiology a master discourse of antiquity that brought the cosmos the human body and human society into an ideologically charged correlation Part III presents Lincoln s most controversial case against a hypothetical Indo European protoculture Reconsidering the work of the prominent Indo Europeanist Georges Dumzil Lincoln argues that Dumzil s writings were informed and inflected by covert political concerns characteristic of French fascism This collection is an invaluable resource for students of myth ritual ancient societies anthropology and the history of religions Bruce Lincoln is professor of humanities and religious studies at the University of Minnesota
