Lisa Stansfield All Woman:

Women Who Work Too Much Tamu Thomas, 2024-03-05 Women can have it all but do we really want it This book shows women how to escape the trap of toxic productivity build boundaries avoid burnout and live with joy We have been conditioned into believing our value is in what we do rather than who we are Do you find yourself saying yes because you were never taught how to say no Are you working all hours of the day but not feeling good about your achievements amplifying your perceived mistakes or weaknesses Many of us believe that to be our best selves we should do more but the result is often stress burnout and disillusionment This book offers a healing hand to help you step out of the same old patterns of using success or overworking as a source of self validation For women work doesn't stop in the workplace There is a huge load at home that still falls to women whether looking after children caring for aging parents or simply taking the reins of running the household This is a book for women who work too much It is for women who are ready to hear the wake up call coming from within coming from their frazzled nervous system from that sense of underlying anxiety they have learnt to normalize over the years and from an inner knowing that just maybe it doesn't have to be this way Women Who Work Too Much will help you to become your own advocate feel at home with who you already are and in your own skin know what needs to be done rather than trying to do it all This book is a manifesto for change and a call to inaction Women Who Work Too Much will support you to establish healthier boundaries stop over committing and move into a feeling of safety so that you can thrive prosper and flourish
