Pro Techniques of Photographing Children Erika Stone,1986

Digital Black & White Landscape Photography ,2015-07-20 Landscape photography is a popular photographic genre and for good reason The great outdoors is an ever ready subject It is variable as well it is affected by changing light decomposition weather human interaction and myriad other factors Its features range from natural to manmade elements and many landscapes are comprised of both Photographers who point their camera s lens at a scene do so in an effort to communicate their feelings about the landscape Rather than simply document the scene they seek to capture the spirit of place perhaps to tell a story or depict a mood They aim to share with viewers the ways in which the scene speaks to them Accomplishing these goals may seem simple at the outset but the task is rife with challenges In this book Gary Wagner shows readers how to create powerful evocative black white landscape photographs filled with beautiful light a full range of tones and exquisite detail Beginning with a look at the gear you ll need to get the best possible images Wagner covers cameras lens types tripods and filters He then discusses the postproduction processes he uses to enhance his images producing breathtaking photographic records of natural and man altered locales

Family Photography Christie Mumm,2011-07-01 Going beyond how to capture memorable family photos this examination spotlights the special touches and relationship building skills that turn subjects from clients into friends The author s signature techniques for generating repeat business are shared revealing how to remain a family s constant photographer for years from maternity portraits and baby photos to wedding images and senior snapshots Specific suggestions are featured including reaching out through social networking sites blogging and hosting special parties and events Offering a comprehensive approach to building a successful portrait business this handbook demonstrates how relationships with subjects are just as important as the pictures created for them

500 Poses for Photographing Infants and Toddlers Michelle Perkins,2013-08-01 Offering inspiration as well as guidance for portrait photographers to use during sessions with infants and toddlers notoriously difficult subjects for

posing this guide takes a uniquely visual approach to instruction through its 500 stellar shots With the challenges faced while working with children it is easy to end up in a rut of go to poses The book counters the stock image effect with its broad variety of creative options and incorporates experience based knowledge on achieving successful results such as creating a comforting zone for the child or the potential assistance of integrated props The poses highlight what the parents love to see while considering what will work with even the most willful of young subjects
