Caputo,2020-10-06 These sparkling essays from a seasoned scholar are a great breath of fresh air in our claustrophobic and catastrophic time Cornel West Capturing a career s worth of thought and erudition this rich volume treats readers to creative thought careful argumentation and sophisticated analysis transmitted through the lucid accessible prose that has earned the author a wide readership of academics and non academics alike In tackling radical theology John D Caputo has in mind the deeper stream that courses its way through various historical and confessional theologies upon which these theologies draw even while it disturbs them from within They are well served by this disturbance because it keeps them on their toes When we read about professional theologians losing their jobs in confessional institutions the chances are that by earnestly digging into what is going on in their tradition they have hit upon radical theological rock Unlike modernist dismissals of religion radical theology does not debunk but re invents the theological tradition Radical theology Caputo says is a double deconstruction of supernatural theology on the one hand and of transcendental reason on the other and therefore of the settled distinctions between the religious and the secular Caputo also addresses the challenge for radical theology to earn a spot in the curriculum given that the radical makes it suspect among the confessional seminaries while the theology renders

it suspect among university seminars Journeying from the academy to contemporary American culture In Search of Radical Theology includes a captivating presentation of radical political theology for the time of Trump This utterly unique volume not only brings readers on an enlightening tour of Caputo s thought but also invites us to accompany the author as he travels into intriguing new territories

*Dissemination* Jacques Derrida,2021-01-28 Interpretations of Plato St phane Mallarm and Philippe Sollers writings in three essays Plato s Pharmacy The Double Session and Dissemination The English version of Dissemination is an able translation by Barbara Johnson Derrida s central contention is that language is haunted by dispersal absence loss the risk of unmeaning a risk which is starkly embodied in all writing The distinction between philosophy and literature therefore becomes of secondary importance Philosophy vainly attempts to control the irrecoverable dissemination of its own meaning it strives against the grain of language to offer a sober revelation of truth Literature on the other hand flaunts its own meretriciousness abandons itself to the Dionysiac play of language In Dissemination more than any previous work Derrida joins in the revelry weaving a complex pattern of puns verbal echoes and allusions intended to deconstruct both the pretension of criticism to tell the truth about literature and the pretension of philosophy to the literature of truth Peter Dews The New Statesman
