career **CBAP® Certification and BABOK® Study Guide** Hans Jonasson,2016-10-26 The book covers all knowledge areas from the BABOK Third Edition and is designed to be a study guide for the CBAP certification from IIBATM It includes over 300 sample questions It is also usable for those seeking the PMI PBA certification This book is a complete business analysis handbook combining the latest standards from the BABOK case study examples and exercises with solutions It has usable tools and techniques as well as templates ready to be used to develop solid requirements to be the cornerstone for any successful product development **A pocket companion to PMI's PMBOK® Guide sixth Edition** Anton Zandhuis,Thomas Wuttke,2019-04-10 Note This pocket book is available in the following languages English German Dutch This pocket guide is based on the PMBOK Guide Sixth Edition It contains a summary of the PMBOK Guide to provide a quick introduction as well as a structured overview of this framework for project management This pocket guide deals with the key issues and themes within project management and the PMBOK Guide as follows Key terms and definitions in the project management profession A short overview of the activities of PMI Inc the organization and its standards PMBOK Guide Standard for Project Portfolio Management Standard for Program Management and other standards The essentials of the Project Lifecycle and Organization What are the key project management knowledge areas and processes Main target Group for this pocket guide is anyone with an interest in understanding the PMBOK Guide framework or a systematic approach for project management The book is also very useful for members of a project management team in a project environment using the PMBOK Guide as a shared reference A complete but concise description of the PMBOK Guide for anyone involved in projects or project management **The Comprehensive Guide for PMP® Certification** Kal Jayaswal, PMP and Archana Jayaswal, PMP, CSM,2019-06-30 Why you need this PMP guide Coverage of the 100% of the exam content Lots of figures and tables for faster preparation ITTO made easy with diagrams and built in text Simple explanations for difficult concepts Synopsis and formulas section for reference before the PMP exam Easy to follow layout 400 sample questions with detailed explanations Full length practice exam Tips for practical project management How to for Microsoft Project MPP application This book is a must have for those preparing for PMP certification It is different than existing books because we believe that PMP preparation can be quick and efficient We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content Reduce your preparation time There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time This book has text that is concise and relevant for the exam Figures and tables There are 200 figures and tables in the book When text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material Personalized conversational style When possible we use conversational style to make for easier reading Active learning We believe that learning is best when the reader is involved instead of doing a show and tell Wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises Examples You will find lots of examples followed

by its underlying concept or generalized step by step procedure This sequence makes it easier to understand concepts

REVIEW FROM CONTACT 1 I have studied various PMP guides and tutorials in the market But this book is different stands out and would be the best companion guide to the PMBOK Difficult concepts are presented in a style that is easy to follow The content is concise and supported by illustrative figures and tables This will save you from wasting your time on irrelevant or copious content In my opinion this is the ONLY book you will need to pass the PMP exam Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations The 400 questions are at the same level of rigor as you will find in the PMP exam I wish I had this guide when I prepared for the PMP exam
