The Role Of The Holy Spirit In Worship H. White,2009 Creation is in crisis Why then do we continue in activities that are manifestly harmful to ourselves and to others Part of the answer is undoubtedly ignorance about what we are actually doing But part is also that we do not want to face up to the fact that the material comforts we enjoy are bought at a cost to other people and to the natural world This volume highlights the seriousness of environmental degradation and climate change the root causes and possible solutions and the contribution of Christian thinking to these issues Both scientific and theological points of view are presented by the distinguished writers Richard Bauckham Richard Carter Flavio Comim Ellen F Davis Calvin B DeWitt John Guillebaud Donald A Hay Sir Brian Heap Sir John Houghton James J McCarthy Hilary Marlow Douglas J Moo Jonathan Moo Pete Moore Michael Northcott C Ren Padilla Robert S White and George Wilkes In these pages Robert White has assembled a remarkable cast Indeed if you were

NIV Application Commentary Craig L. Blomberg, 1995 Most Bible commentaries take us on a one way trip from the twentieth century to the first century But they leave us there assuming that we can somehow make the return journey on our own In other words they focus on the original meaning of the passage but don't discuss its contemporary application The information they offer is valuable but the job is only half done The NIV Application Commentary Series helps us with both halves of the interpretive task This new and unique series shows readers how to bring an ancient message into modern context It explains not only what the Bible means but also how it can speak powerfully today
