Men to Boys Gary S. Cross, 2008 When did maturity become the ultimate taboo Men have gone from idolizing Cary Grant to aping Hugh Grant shunning marriage and responsibility well into their twenties and thirties Gary Cross renowned cultural historian identifies the boy man and his habits examining the attitudes and practices of three generations to make sense of this gradual but profound shift in American masculinity Cross matches the rise of the American boy man to trends in twentieth century advertising popular culture and consumerism and he locates the roots of our present crisis in the vague call for a new model of leadership that ultimately failed to offer a better concept of maturity

The Sixties Terry H. Anderson, 2004 This text explores the significant political foreign policy and social events from the 1960s in an attempt to explain why America experienced a decade of tumult and change Appreciated for its

captivating style as well as its brevity The Sixties offers brief yet comprehensive coverage of this important decade **From the Great Depression to the Grateful Dead** Jason Scott Spangler,2005 **Jess** Jackson K. Putnam,2005-03-22 Jesse Marvin Unruh acquired a national political reputation despite the fact that he never gained office above the California governmental level He spent sixteen years 1955 1970 in the state legislature seven of them as assembly speaker While there he secured passage of moderate liberal legislation and upgraded the quality of the state legislature to the number one position in the nation Unruh curbed the power of special interest lobbies and induced them to support his legislative program He also kept the state Democratic Party in a moderate political position as the Republicans moved ever further to the right Although Governors Pat Brown and Ronald Reagan frustrated his desire to attain the Governorship Unruh was elected State Treasurer in 1974 He transformed the office into one of great power to such an extent that by the time of his death in 1987 he was being referred to as the best governor California never had In the meantime his close connections with the Kennedy family especially John and Robert his reputation as a political pundit and his powerful influence on Wall Street earned Unruh great respect far beyond his California base **Restaging War in the Western World** Maartje Abbenhuis,Sara Buttsworth,2009-03-15 Drawing on an eclectic array of historical and cultural studies this collection seeks to move the perspectives that are marginal to mainstream war stories namely those of non combatants to center stage It does so through analyzing the ways in which wars real and imagined impact and have impacted individuals all over the western world This book illustrates the ever present reality of war since the late nineteenth century affecting adults and children alike regardless of whether they are the participants in or the witnesses of theatres of conflict **Taking Aim at the President** Geri Spieler,2009 Based on more than two decades of interviews and research this work follows the life of Sara Jane Moore the woman who shot President Gerald Ford in 1975 painting a nuanced portrait of an elusive person and a fascinating glimpse back at a turbulent period in American history *These Yet to be United States* Jeanne Theoharis,Athan G. Theoharis,2003 This book on postwar America looks at civil rights and civil liberties in tandem and does so over the past fifty years It merges two historical approaches of looking at America from the view of those in the highest seats of power and from the perspectives of those too often denied political and economic access It shows that the civil rights movement was not just a southern movement but spanned the nation not just a movement for African Americans but waged by other people of color including Latinos and Native Americans as well as women of all races and not just a struggle that began in the mid 1950s and ended in the mid 1960s It was more varied more grassroots and more broad than many other studies of the postwar period have shown Pref **The Environmental Justice** Adam M. Sowards,2009 Douglas s passion for nature helped to define the modern environmental movement For the first time The Environmental Justice tells this story **Conspiracy Theories in American History: N-Z** Peter Knight,2003 The first comprehensive history of conspiracies and conspiracy theories in the United States A reference guide to conspiracy theory presents over 300 entries describing events and theories

analyzing the historical intellectual and political context of each and offering evidence to support or refute each one

Voices of Freedom Eric Foner, 2008 Edited by Eric Foner and coordinated with each chapter of the text this companion to Give Me Liberty includes 139 primary source documents touching on the theme of American freedom **Gloria Steinem** Patricia Cronin Marcello, 2004-03-30 Profiles the life of Gloria Steinem from her early life through her important contributions to the feminist movement **Psychedelic Psychiatry** Erika Dyck, 2008-09-15 Psychedelic Psychiatry is the tale of medical researchers working to understand LSD's therapeutic properties just as escalating anxieties about drug abuse in modern society laid the groundwork for the end of experimentation at the edge of psychopharmacology Historian Erika Dyck deftly recasts our understanding of LSD to show it as an experimental substance a medical treatment and a tool for exploring psychotic perspectives as well as a recreational drug She recounts the inside story of the early days of LSD research in small town prairie Canada when Humphry Osmond and Abram Hoffer claimed incredible advances in treating alcoholism understanding schizophrenia and other psychoses and achieving empathy with their patients The Vietnam War on Campus Marc J. Gilbert, 2001 Previous analyses of the student antiwar movement during the Vietnam War have focussed almost exclusively on a few radical student leaders and upon events that occurred at a few elite East Coast universities This volume breaks new ground in the treatment it affords critiques of the war offered by conservative students in its assessment of antiwar sentiment among Midwestern and Southern college students and in its investigation of antiwar protests in American high schools It also provides fresh insight through a discussion of the ways in which American films depicted the student movements and an examination of the role of women and religion in the campus wars of the Sixties and Seventies The campus dimensions of the antiwar movement were more broad based and more diverse in membership roots and strategy than is often assumed Each essay in this collection strives not only to present a fair minded picture of the impact of the Vietnam War on campus but also to offer balanced reflections on its significance for today's body politic Contributing authors conclude leading scholars on the war's impact on American society and two artists closely associated with that conflict Vietnam veteran writer and poet W D Ehrhart and Country Joe McDonald author of the antiwar era anthem I Feel Like I'm Fixing to Die Rag Negotiating Identity, Politics, and Spirituality Maria Teresa Ceseña, 2004 *The Politics of the Chicana/o Body on Stage* Ashley Elizabeth Lucas, 2003
