Tracing the Round John F. Birk,2000 Tracing the Round represents a work of genuine scholarly innovation in the already well trodden field of Melville studies The author contends that Moby Dick far from being as sprawling and arbitrarily episodic as much conventional critical opinion has held is in fact based explicitly on astrological and zodiacal symbolism and belief which the author shows Melville to have been profoundly interested in throughout his life and writing career The twelve chapter work highlights by means of close textual analysis a cunningly disguised but nonetheless omnipresent web of correspondences systematically matching all the individual characters plot developments and patterns of symbolism and imagery within the novel to the astrological knowledge Melville was privy to The author uses his familiarity with Melville

The Inhuman Race Leonard Cassuto,1997 In revealing the source of the ideology of whiteness in the imagination Cassuto turns to images of blackness in American literature and culture from 1622 to 1865 examining such texts as Swallow Barn Uncle Tom s Cabin Typee and Moby Dick

Information For Efficient Decision Making: Big Data, Blockchain And Relevance Kashi R Balachandran,2020-11-19 Can there be reliable information that is also relevant to decision making Information for Efficient Decision Making Big Data Blockchain and Relevance focuses on the consolidation of information to facilitate making decisions in firms in order to make their operations efficient to reduce their costs and consequently increase their profitability The advent of blockchain has generated great interest as an alternative to centralized organizations where the data is gathered through a centralized ledger keeping of activities of the firm The decentralized ledger keeping is one of the main features of blockchain that has given rise to many issues of technology development implementation privacy acceptance evaluation and so on Blockchain concept is a follow up to big data environment facilitated by enormous progress in computer hardware storage capacities and

technological prowess This has resulted in the rapid acquiring of data not considered possible earlier With shrewd modeling analytics and algorithms the applications have grown to significant levels This handbook discusses the progress in data collection pros and cons of collecting information on decentralized publicly available ledgers and several applications In Pursuit of Moby-Dick Joseph S. Catalano,2023-09-09 This study presents Moby Dick as a novel with three distinct but interconnecting stories Ishmael s which he shares ten years after it has taken place Ahab s which is Ishmael s account of the memorable captain of a whaling ship and a third which centres on whales and whaling which has not received significant critical attention While each of these perspectives compete for prominence in the narrative Ahab and Ishmael s stories have often distracted from the vital significance of the whaling narrative as what outlasts Ahab s obsessive mission Catalano rights this wrong by coming to a strikingly original and thought provoking conclusion which becomes the heart of the book s argument the unity of Melville s book comes first from the way the numerous literary philosophical and religious reflections are rooted in those magnificent beings whales and in the men and ships that pursue them and second in the way these reflections illuminate our own lives *Mariners, Renegades, and Castaways* Cyril Lionel Robert James,2001 Available in its complete form for the first time since its original publication **The Arizona Quarterly** ,1996 **The New England Journal of Medicine** ,1943 *American Fiction* Irina Burlui,1988 **The Game of Creation.
