**Teaching Pronunciation** Marianne Celce-Murcia, Donna Brinton, Janet M. Goodwin, 1996-10-13 This course includes an overview of current theory and practice The paperback edition offers current and prospective teachers of English a comprehensive treatment of pronunciation pedagogy drawing on current theory and practice The text provides an overview of teaching issues from the perspective of different methodologies and second language acquisition research It has a thorough grounding in the sound system of North American English and contains insights into how this sound system intersects with listening morphology and spelling It also contains diagnostic tools assessment measures and suggestions for syllabus design Discussion questions encourage readers to draw on their personal language learning teaching experiences as they assimilate the contents of each chapter Follow up exercises guide teachers in developing a range of classroom activities within a communicative framework *Teaching Pronunciation*, 2010 *Teaching Pronunciation* Marianne

Celce-Murcia, 2010 **Discourse Intonation in L2** Dorothy M. Chun, 2002 Intonation rhythm and general melody of language are among the first aspects of speech that infants attend to and produce themselves Yet these same features are among the last to be mastered by adult L2 learners Why is this and how can L2 learners be helped This book first presents the latest linguistic theories of intonation in particular how intonation functions in discourse not only to signal sentence types and attitudinal meanings but also to provide turn taking and other conversational cues The second part of the book examines the research in applied linguistics on the acquisition of L2 phonology and intonation The third section offers practical applications of how to incorporate the teaching of intonation into L2 instruction with a focus on using new speech technologies The accompanying CD ROM makes a unique addition in allowing for simultaneous audio playback and visual display of the pitch contours of utterances contained in the book Users can start or stop the playback at any point in the utterance and can observe first hand how such visual and audio representations could be useful for L2 learners

**Handbook of Research in Second Language Teaching and Learning** Eli Hinkel, 2016-11-18 Volume III of the Handbook of Research in Second Language Teaching and Learning like Volumes I and II is a comprehensive state of the art overview of current research into social contexts of second language L2 foreign language FL teaching and learning language policy curriculum types of instruction incremental language skills such as listening speaking reading writing vocabulary and grammar international communication pragmatics assessment and testing It differs from earlier volumes in its main purpose to provide a more in depth discussion and detailed focus on the development of the essential language skills required for any type of communication speaking listening reading vocabulary grammar and writing Volume III preserves continuity with previous volumes in its coverage of all the classical areas of research in L2 FL teaching and learning and applied linguistics but rather than offering a historical review of disciplinary traditions it explores innovations and new directions of research acknowledges the enormous complexity of teaching and learning the essential language abilities and offers a diversity of

perspectives Chapter authors are all leading authorities in their disciplinary areas What's new in Volume III Updates the prominent areas of research including the sub disciplines addressed in Volumes I and II and represents the disciplinary mainstays Considers and discusses perspectives held by different schools of thought on the what the how and the why of teaching foundational language skills including theories pedagogical principles and their implementation in practice Captures new and ongoing developments and trends in the key areas of L2 FL teaching and learning and innovative research topics that have gained substantial recognition in current publications including the role of corpora technology and digital literacy in L2 FL teaching and learning Examines new trends in language pedagogy and research such as an increased societal emphasis on teaching academic language for schooling somewhat contradictory definitions of literacy and the growing needs for instruction in intercultural communication
