Psychology of Physical Activity Stuart J. H. Biddle, Nanette Mutrie, Trish Gorely, 2015-02-20 The positive benefits of physical activity for physical and mental health are now widely acknowledged yet levels of physical inactivity continue to increase throughout the developed world Understanding the psychology of physical activity has therefore become an important concern for scientists health professionals and policy makers alike Psychology of Physical Activity is a comprehensive and in depth introduction to the fundamentals of exercise psychology from theories of motivation and adherence to the design of successful interventions for increasing participation Now in a fully revised updated and expanded third edition Psychology of Physical Activity is still the only textbook to offer a full survey of the evidence base for theory and practice in exercise psychology and the only textbook that explains how to interpret the quality of the research evidence With international cases examples and data included throughout the book also provides a thoroughly detailed examination of the relationship between physical activity and mental health A full companion website offers useful features to help students and lecturers get the most out of the book during their course including multiple choice revision questions PowerPoint slides and a test bank of additional learning activities Psychology of Physical Activity is the most authoritative engaging and up to date introduction to exercise psychology currently available It is essential reading for all students working in exercise and health sciences

Social Marketing Gerard Hastings, Christine Domegan, 2017-11-02 Social Marketing involves the application of marketing techniques usually associated with promoting consumption to social ends This new addition will arm the socially conscious marketing student with Case studies from across the globe accessible exercises engaging stories and online support with an expanded and enhanced companion website which will all enable you to think critically about the individual and systemic drivers of both harm and progress and provide you with the tools to act This popular introductory textbook has been thoroughly updated to enable students to challenge the bad champion the good and become rebels with a cause Now including more on systems thinking evaluation and apps Hastings and Domegan also introduce the influential new 3Cs model Containment Counter Marketing Critical Capacity Building This book is essential reading for all social marketing marketing ethics and marketing and society courses Cover Picture La Sardane de la Paix by Pablo Picasso The sardane is a traditional circle dance from Catalonia which has come to symbolise the struggle of ordinary people against oppression from Napoleon through Hitler and Franco and into the modern era The individual dancer holds his or her hands in the air in a gesture of autonomy and empowerment and is able to maintain what would quickly become a tiring stance thanks to the supporting hands of her fellow dancers It illustrates the key social marketing lesson that addressing complex social problems such as climate change or inequalities as with dictators requires a combination of individual agency and collective action It also shows that critical analysis the questioning and challenging of the current system lies at the heart of progressive social change and that good social marketers should be rebels with a cause
