Annual Report Case Study Overview

- 1) To complete this assignment you will need to use the annual reports of your two companies; i.e. the Primary and Secondary from the pairing of companies you selected.
- 2) Work in assigned study groups. **The team will submit one project in addition you will turn in your own analysis for the summary. See the Grading section below.**
- 3) The case study analysis is intended to be reflective of the learning from each Chapter of Libby, the Case studies for American Eagle/Urban Outfitters. The team within the guidelines of these instructions construct a format for the project that will present the analysis and application of information in the most effective manner. The instructions provided, include a series of templates Annual Report Case Study Analysis Template, this will assist in guiding the process. In addition, provided is an example of how you may approach the case study, do not dwell on the format, focus on the content and analysis.
 - a. Use the **Annual Report Case Study Template** to help you formulate narrative responses to be included in your analysis for the journal, company analysis, ratio analysis, and summary sections. As you complete each chapter, more and more of the templates will apply. Therefore, you need to be selective of which templates will help define the narrative for each chapter. The ultimate goal, is to address the content of the Annual Report Case Study Template before attempting to compose the individual SUMMARY.
- 4) You are expected to write narratives about each section. ***It is not acceptable to copy text directly from the annual reports in to the Annual Report Case Study Template.*** You are expected to write the narratives. In addition, you must provide citations. Excellent resources for citations: <http://www.cabrillo.edu/services/writingcenter/Plagiarism.html#Quote> or available through the reference desk at the Cabrillo Library **The MLA Handbook for Writers of Research Papers**. Plagiarism will not be tolerated. Do your own work as a team and as an individual. The purpose of the project is to demonstrate what you have learned, not to mimic Wall Street Financial Analysts. From the Cabrillo Catalog, "Students are expected to know how to credit sources, how to quote and paraphrase, and how to avoid plagiarizing the work of others. If you are unsure, ask your instructor for assistance before you submit your work for credit."
- 5) Grading: You are graded based on the Grading Rubric provided, plus the Student Peer Evaluation for team participation.
