Michael Ende Momo :

Momo Michael Ende,1995 **Momo, o, La extraña de los ladrones del tiempo y de la niña que devolvió el tiempo a los hombres** Michael Ende,1998-12 With the help of her friends Momo reveals what the two men that come to her town really want to do with the people s money Momo Michael,2013-08-13 The Neverending Story is Michael Ende s best known book but Momo published six years earlier is the all ages fantasy novel that first won him wide acclaim After the sweet talking gray men come to town life becomes terminally efficient Can Momo a young orphan girl blessed with the gift of listening vanquish the ashen faced time thieves before joy vanishes forever With gorgeous new drawings by Marcel Dzama and a new translation from the German by Lucas Zwirner this all new 40th anniversary edition celebrates the book s first U S publication in over 25 years Momo oder Die seltsame Geschichte von den Zeit-Dieben und von dem Kind, das den Menschen die gestohlene Zeit zurückbrachte Michael Ende,2005 **Momo : ein Märchenroman** Michael Ende,2007 Un coiffeur reoit la visite d un homme en gris qui l engage conomiser son temps En r alit cet homme appartient une soci t fant me les voleurs de temps qui trompe les hommes La vie devient pauvre monotone et glaciale Ma tre Hora le myst rieux Administrateur de Temps d cide d intervenir avec le secours de Momo petite fille pleine d imagination et ses amis Beppo le silencieux et Gigi le rieur Ensemble ils r ussiront redonner aux hommes le go t de la fantaisie du r ve et du travail bien fait

Between desirability and reality Hiemer, Julia,2022-08-09 Overemployment i e the preference for fewer work hours is a widespread phenomenon in western societies which may have negative consequences for individual well being and organizational functioning Previously overemployment has been defi ned from an economic perspective mainly as a time money trade off problem This work is the first to adopt a psychological and subjectivist view on overemployment Over three research projects a theory of overemployment its causes and consequences is constructed and tested In addition a multidimensional overemployment scale is developed and initially validated The three research projects include fi rst a review on overemployment conceptualizations and measurements second a Grounded Theory interview study with the aim to develop a theory on overemployment its causes and consequences and third a scale development study comprising over 1 400 participants over 4 studies The importance of overemployment for individual well being e g burnout job satisfaction as well as for organizational variables e g commitment turnover intention is shown Overemployment is found to be a multidimensional construct consisting of three dimensions length density and distribution of work time The developed theory and scale will allow future researchers to analyze overemployment in more detail The work offers interesting insights for HR and management practitioners when it comes to creating attractive working conditions **Waste** Eiko Maruko Siniawer,2018-10-15 In Waste Eiko Maruko Siniawer innovatively explores the many ways in which the Japanese have thought about waste in terms of time stuff money possessions and resources from the immediate aftermath of World War II to the present She shows how questions about waste were deeply embedded in the decisions of everyday life reflecting the

priorities and aspirations of the historical moment and revealing people's ever changing concerns and hopes Over the course of the long postwar Japanese society understood waste variously as backward and retrogressive an impediment to progress a pervasive outgrowth of mass consumption incontrovertible proof of societal excess the embodiment of resources squandered and a hazard to the environment Siniawer also shows how an encouragement of waste consciousness served as a civilizing and modernizing imperative a moral good an instrument for advancement a path to self satisfaction an environmental commitment an expression of identity and more From the late 1950s onward a defining element of Japan's postwar experience emerged the tension between the desire for the privileges of middle class lifestyles made possible by affluence and dissatisfaction with the logics costs and consequences of that very prosperity This tension complicated the persistent search for what might be called well being a good life or a life well lived Waste is an elegant history of how people lived how they made sense of gave meaning to and found value in the acts of the everyday

Crisis and Creativity in Performing Arts Training Robert Lewis, Soseh Yekanians, 2024-10-08 This book comprises of key articles from the 2023 AusAct The Australian Actor Training Conference that addresses innovative and fresh discussions post COVID on how the Performing Arts can come out of these times of crisis and maintain their survival Each chapter looks at a different aspect of the performing arts and discusses our programs and the unique and significant role acting and performance teachers have in our education sector and their clear contribution to the international creative economies

Global Perspectives on Death in Children's Literature Lesley D. Clement, Leyli Jamali, 2015-07-30 This volume visits death in children's literature from around the world making a substantial contribution to the dialogue between the expanding fields of Childhood Studies Children's Literature and Death Studies Considering both textual and pictorial representations of death contributors focus on the topic of death in children's literature as a physical reality a philosophical concept a psychologically challenging adjustment and or a social construct Essays covering literature from the US Mexico El Salvador Guatemala Canada the UK Sweden Germany Poland Bulgaria Brazil Czechoslovakia the Soviet Union India and Iran display a diverse range of theoretical and cultural perspectives Carefully organized sections interrogate how classic texts have been adapted for the twenty first century how death has been politicized ritualized or metaphorized and visual strategies for representing death and how death has been represented within the context of play Asking how different cultures present the concept of death to children this volume is the first to bring together a global range of perspective on death in children's literature and will be a valuable contribution to an array of disciplines

Pleasure and Leisure in the Middle Ages and Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human

existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes

Momo Michael Ende,2002 Time and Petri Nets Louchka Popova-Zeugmann,2013-11-05 At first glance the concepts of time and of Petri nets are quite contrary while time determines the occurrences of events in a system classic Petri nets consider their causal relationships and they represent events as concurrent systems But if we take a closer look at how time and causality are intertwined we realize that there are many possible ways in which time and Petri nets interact This book takes a closer look at three time dependent Petri nets Time Petri nets Timed Petri nets and Petri nets with time windows The author first explains classic Petri nets and their fundamental properties Then the pivotal contribution of the book is the introduction of different algorithms that allow us to analyze time dependent Petri nets For Time Petri nets the author presents an algorithm that proves the behavioral equivalence of a net where time is designed once with real and once with natural numbers so we can reduce the state space and consider the integer states exclusively For Timed Petri nets the author introduces two time dependent state equations providing a sufficient condition for the non reachability of states and she also defines a local transformation for converting these nets into Time Petri nets Finally she shows that Petri nets with time windows have the ability to realize every transition sequence fired in the net omitting time restrictions These classes of time dependent Petri nets show that time alone does not change the power of a Petri net in fact time may or may not be used to force firing For Time Petri nets and Timed Petri nets we can say that they are Turing powerful and thus more powerful than classic Petri nets because there is a compulsion to fire at some point in time By contrast Petri nets with time windows have no compulsion to fire their expressiveness power is less than that of Turing machines This book derives from advanced lectures and the text is supported throughout with examples and exercises It is suitable for graduate courses in computer science mathematics engineering and related disciplines and as a reference for researchers Michael Ende, Momo

Christiane Michaelis,2001 **Michael Ende, Momo** Anne Schwake,Timotheus Schwake,2013 **Storytelling, an Act of Liberation** Brigitte Löwe,2004 An impressive piece of work Storytelling An Act of Liberation combines autobiography and paintings with literary and theological analysis to point toward a feminist theological method of storytelling as an act of liberation both of self and others Angela Bauer Ph D Associate Professor of Hebrew Bible Episcopal Divinity School Cambridge Massachusetts Storytelling An Act of Liberation critiques traditional ministerial paradigms employing feminist poetics of critical evaluation as these paradigms were reflected in the German speaking children s literature embraced in

her study and envisions a wholeness that can only be realized through an integration of those biblical ecclesial theological literary and artistic sensibilities that her work exemplifies Lucretia B Yaghjian Ph D Director Episcopal Divinity School Weston Jesuit School of Theology WRITE Program Immense respect for and appreciation of Storytelling An Act of Liberation and the journey leading to it Powerful transformation spirituality of personal and social reconciliation The Revd Carter Hayward Ph D Howard Chandler Robbins Professor for Theology Episcopal Divinity School Cambridge Massachusetts
